**Memorandum of Understanding  
Participation in Intermediate Unit Academy Programs**

School District: \_\_\_\_\_ Date: \_\_\_\_\_

*This MOU articulates the points of mutual interest and responsibility between participating districts and the Intermediate Unit's Partial Hospitalization and Academy Programs.*

- Districts are responsible for costs associated with the Intermediate Unit Academy Programs including Part-Time Emotional Support, AEDY and Partial Hospitalization Programs. Costs may include repair/replacement of any property damaged by students that are enrolled in either program.
- The District agrees to attend all required intake, IEP, attendance improvement conferences, mid-term evaluation and discharge meetings consistent with the policies and procedures outlined in AEDY, IDEA and Intermediate Unit protocols or regulations.

***The following items pertain to the Partial Hospitalization Program:***

- The Intermediate Unit (IU) will verify medical insurance coverage for all Partial Hospitalization referrals prior to admittance and will inform LEA's of any medical coverage problems prior to scheduling intakes with client.
- If the student has medical assistance, that will be the primary coverage invoiced for the medical component of the Partial Hospitalization Program.
- If there is no medical assistance coverage, IU staff will assist the parent(s) on applying for medical assistance for the student. The school district will have the option of paying for the medical component of the partial hospitalization program, or putting the student on a waiting list, until medical assistance reimbursement is available. Should the student be placed on a waiting list, the District is responsible for educating the student in accordance with all PDE regulations until such time as the student is registered in the program.
- If the District moves forward with intake and payment is not received through Medical Assistance, the school district will be responsible for the medical component of the program. The District will retain the right to seek reimbursement /contributions from any or all obligated entities.
- If any absence occurs (i.e. illness, hospitalization, incarceration, truancy or suspension, lack of district transportation or parent/guardian involvement) the sending District will be responsible for the medical component of the program. Refer to 'Absenteeism Plan for IU 17 Partial Hospitalization Programs' for additional guidance.

Signature (Intermediate Unit): \_\_\_\_\_

## **Attendance Plan for Academy of Integrated Studies**

*All students enrolled in all Academy programs receive the following supports:*

1. **Monitoring** - Attendance is closely monitored for all students at the Academy by homeroom teacher and social workers.
2. **Weekly Reporting** - Attendance for all students at the academy programs will be sent to districts on a weekly basis. District is responsible for identifying a District Attendance POC\* to receive weekly attendance reports and communicate to district staff as needed.
3. **Daily Reporting** - For districts using DaRTS, attendance is entered on a daily basis. District staff are able to access their students to check attendance.

*The following additional supports only apply to those students enrolled in the Academy's Partial Hospitalization Program:*

4. **Letter** – During intake, all students receive a letter explaining the importance of attendance and explaining the process of reassessment of placement for chronic absenteeism
5. **Partial Hospitalization Program Checklist** – During intake, Social Work reviews this checklist with parent/guardian and informs them that their cooperation in assuring daily attendance to the program is essential. Parent/Guardian and client sign the checklist.
6. **Every Absence** – Each time the student is absent, Social Worker calls the family to inquire as to why student is absent.
7. **Unexcused Absences** – When student has three unexcused absences, Social Worker contacts Attendance POC to request that a written notification be sent to the family indicating that the student has been truant. At this time, the district may request to convene an **Attendance Improvement Conference (Pursuant to PA Truancy Guidelines)** in which a representative from the Academy would attend and serve as part of the district's team to develop an attendance plan for the student.

After three unexcused absences, the Social Worker will continue to inform the district Attendance POC of each unexcused absence and district may request to participate in an Attendance Improvement Conference at any time.

8. **Excused Absences** – When a student has three excused absences during a twenty-day review period, the Social Worker will call the district attendance POC.
9. **Twenty-Day Review Period** – If attendance (excused or unexcused) becomes habitual, the Social Worker contacts family, the LEA Student Point of Contact\*, and any community agencies to inform them of the absences and invite them to the Academy for the Twenty-day Treatment Review Meeting. At this meeting, if the team feels there is a pattern, an attendance improvement plan will be developed for the student as part of the student's treatment plan. As part of this plan, the student and family will be re-informed of the importance of attendance for treatment and therapy. If the district chooses to participate in the Twenty-day Review Meeting, they have input into the team meeting and can collaborate with other team members to develop treatment plans that could include attendance goals and strategies to improve attendance.

As part of the Twenty-Day Review Meeting, the district may opt to include an **Attendance Improvement Conference** as part of the meeting. The LEA Student Point of Contact\* is required to participate and fulfill all truancy related guidelines set forth by the PA Truancy Guidelines.

For students who continue to be chronically absent, the treatment review team will determine if the additional modifications may be appropriate or if the student should be considered for discharge. Per the **Partial Hospitalization Program Checklist**, "The decision to discharge should be made as a collaborative effort which would include the treatment team, client, parent(s)/guardian, consulting psychologists, school district personnel and any additional service providers or individuals involved with the client."

**\*District Attendance Point of Contact** – This person serves receives attendance reports and is responsible for communicating to any necessary information to the students family and relevant district staff.

**\*LEA Student Point of Contact** - This person is responsible for participating in necessary meetings and contributing to the decision making process of a student's treatment and program. For regular education students, the building principal is typically considered the LEA Student Point of Contact. For special education students, the special education supervisor is considered the LEA Student Point of Contact.

## Petition for New Club/By-Laws - Form A

Date: 10/2/17

Club Name: Constitutional Convention

### Statement of Purpose and Goals:

To prepare students to think about  
current events and how they
