**FOREWORD**

At Jersey Shore High School we strive to create a positive and supportive environment for our students to ensure their academic success. Periodically, changes to our procedures may be needed during the school year; please, check the website for updates. During the school day all outside doors are locked. Anyone wishing to enter the high school must enter at the front entrance and use the buzzer for entering. You will be asked your name and the purpose for entering the building. Once granted admittance the visitor policy must be followed.

**WELCOME**

Dear Students:

We are hoping the 2020-21 school year will be an enjoyable experience, a year in which you grow intellectually and socially. Set your goals and expectations high – improve your performance. Memories you create will last a lifetime.

When you graduate, you should have a series of options available to you. If you decide to go on to higher education, we want you to be prepared for the rigors of college. If you decide employment is the route for you, we want you competitively prepared for entry into the labor pool; and if the armed forces are your goal, we want you prepared to secure the billet and training you desire. You are the one that makes this possible. Your efforts in high school set the foundation to build upon in life.

We look forward to your cooperation and contributions. School offers good teachers and sound curriculum. Your role is to set high expectations for your performance and be self-disciplined in conduct, attendance, and attitude.

Sincerely,

Administrative Team

In this process, students select a career focused curriculum to pursue during their four years at the high school. Each pathway maintains the core academic requirements culminating in 27 credits. Elective courses will be concentrated in one of the career pathway areas. Additional information can be found in the “Courses of Study and Pathways” booklet. The career pathways are as follows:

- Arts and Communication
- Business, Finance & Information Technology
- Engineering & Industrial Technology
- Human Services
- Science and Health

## College & Career Readiness

The Future Ready PA Index was developed by the Pennsylvania Department of Education to help ensure that all students are on track for meaningful postsecondary engagement and success by measuring students’ career exploration, preparation and

readiness. In order to meet these new state requirements, the Jersey Shore Senior High School has implemented the Smart Futures Program. This program was developed to help students meet the Career Education and Work Standards. Students in grades 9 through 11 will be required to complete activities throughout the year related to these standards. Many of the requirements have been integrated into the curriculum of courses offered at the high school. Students are required to use the Smart Futures Program to input artifacts demonstrating that they have successfully met the benchmarks set by the State.

## ENROLLING IN COLLEGE COURSEWORK

Any credits earned for consideration towards graduation from the Jersey Shore Area High School must be earned through courses taught at the Jersey Shore Area High School or Jersey Shore Online Learning (JSOL).

# Academic Services

Students may earn college credit through dual enrollment programs offered at the Senior High School. If a student would like to take a college course beyond those offered through dual enrollment, that course will count for college credit **only**.

## EARLY COLLEGE ENTRY (POLICY 217)

Upon successful completion of the freshman year's requirements and a minimum of 24 JSSH credits a student shall be eligible for graduation.

## CO-OPERATIVE EDUCATION

## CHEATING/PLAGIARISM

Cheating is defined as copying another student's work and/or submitting another student's work as your own. Plagiarism is defined as using other people's research, writing, or intellectual property without giving proper credit to the author. Copying and downloading work is considered plagiarism. Cheating/Plagiarism is not accepted. The school consequence is one day of ISS in addition to the policy of the classroom teacher.

## HOMEBOUND INSTRUCTION

Homebound instruction can be provided free of charge for students who are absent from school because of serious illness or surgery. This service will be provided when the school receives a letter from your physician which includes a recommendation for homebound instruction as well as the diagnosis, prognosis and estimated length of time that you must remain at home. Pennsylvania law allows a maximum of 3 months. Contact a guidance counselor for this service.

## HOMEWORK

### Definition

Homework is properly defined as any work assigned or approved by the teacher to be completed by the student outside of the regular classroom. It is any assignment what should be done at home, during study period, in the library, in the computer laboratory, in the learning center or in whatever environment is appropriate to the completion of the assignment or project.

### Philosophy

The Jersey Shore Area School District supports and encourages the assignment of homework to enhance the learning process. We strongly believe that homework assignments are an essential tool for the total development of each student and should be based on the needs, capabilities, and interests of the student. It is our expectation that homework assignments be related to and enhance or extend classroom activities. While the punctual completion of homework is primarily the student's responsibility, we encourage teachers, parents, and administrators to cooperate with the student in assuring the successful completion of all homework assignments.

## HONOR ROLL

A student must have an average of at least 90%, with no grade less than a 78%, in order to be put on the honor roll. The honor roll is published four times a year. An average of at least 94%, with no grades less than an 86%, will be listed as distinguished honor roll.

## INCOMPLETES ON QUARTERLY GRADE REPORTS

- All incomplete grades must be updated as soon as possible. No grade changes will be accepted after the first three (3) weeks of the next marking period.
- Any incomplete grades not otherwise updated will be assigned the stated grade in the teacher's records.

## MAKE-UP WORK PROCEDURES

All make-up work will be completed within 1 week of the closing of the unit or on an individual basis by the assigned teacher, per the course syllabus.

## PROGRESS REPORTS

### Mid-term progress reports are no longer mailed home.

Students and parents/guardians have continuous access to grades through the MMS Student Portal and MMS Parent Portal on the district's website ([www.jsasd.org](http://www.jsasd.org)). Periodically check the MMS Portals for your son/daughter's grades. Grades may change drastically throughout the marking period. Parent/teacher conferences can be arranged by contacting the guidance office, 570.398.7174.

## STUDENT SCHEDULES

Students should have a complete schedule prior to the start of school. Students are encouraged to register for a full eight period day. Once the school year begins, students may add classes if there is a free period during the day.

Any request to change a schedule after the start of the year must begin in the guidance office by explaining the reason for the request. Preference will be given to students wishing to make a change to add courses which are more rigorous than the current schedule. Consideration will also be given to schedule changes to better support the

# Academic Services

completion of a specified Pathway to fulfill college-career readiness requirements. Final decision on changes are made based on educational or medical needs and approved by administration with teacher and parent input.

## REMEDIATION

### SSIP & Bulldog Academy

To support the needs of students struggling to meet their academic goals, the high school offers a structured study hall during specific periods of the day. The intent of this study hall is to provide supports that help to complete coursework requirements, improve grades, and address other deficiencies which are impacting a student's academic progress. Students also work on academic goal setting with provided supports to meet their personal goals along with the expectations set for the classroom. Students learn to monitor their academics, identify obstacles and improve study habits. Students are referred to the program by a teacher.

## TARDINESS TO CLASS

If you are late to class you will be required to have a pass signed by the teacher that detained you. The student should request the pass from the teacher to provide to the next class. If a student accumulates three unexcused tardies per course, the teacher should document the occurrences and provide appropriate information to the office.

**Students must be in homeroom before the 8:10 AM bell. Any student who arrives after this time must obtain a late pass from the office and is considered tardy to school. Three times late to school results in 1 lunch detention.**

## ACADEMIC ELIGIBILITY REQUIREMENTS FOR ATHLETICS

Any students who participated in interscholastic athletics must adhere to PIAA rules. Academically a student must:

1. Pass weekly at least **six (6) credit** subjects or the equivalent. Failure to do so will result in loss of eligibility for the following week.
2. Pass four (4) full credits the preceding marking period or the equivalent for the first marking period based on the final grades of the preceding school year. Failure to meet these requirements will result in loss of eligibility for the first fifteen (15) school days of the next grading period. This is a PIAA rule.

## PHYSICAL EDUCATION REQUIREMENTS

### Course Expectation:

Participation and satisfactory completion in physical education class is a graduation requirement (9-12). Students will be evaluated on participation, preparation, and written/practical assessments. Missed PE classes must be made-up. **See PE teacher to schedule make-up class(es).**

### UNIFORMS:

To provide consistency and promote hygiene in the Physical Education program in grades 6-12, all students will be required to change clothes. Failure to change for class will result in non-participation and losing points on their final assessment.

A suitable change of clothing is required.

This way all students will have the opportunity to lock up their clothes and valuables including their back pack. They are also available after school for extracurricular activities. When you leave the gym area whether during gym class or after school all items are to be removed from the long lockers.

## LOCK UP YOUR POSSESSIONS.

## EXCUSES:

## McKinney-Vento Homeless Education Program

The Education for Homeless Children and Youth (EHCY) program is authorized under Title VII-B of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.) (McKinney-Vento Act). The McKinney-Vento Act is designed to address the challenges that homeless children and youths have faced in enrolling, attending, and succeeding in school. Under the McKinney-Vento Act, educational

agencies must ensure that each homeless child and youth has equal access to the same free, appropriate public education, including a public preschool education, as other children and youths. Homeless children and youths must have access to the educational and related services that they need to enable them to meet the same challenging State academic standards to which all students are held. In addition, homeless students may not be separated from the mainstream school environment. Local Educational Agencies are required to review and undertake steps to revise laws, regulations, practices, or policies that may act as barriers to the identification, enrollment, attendance, or success in school of homeless children and youths.

The law indicates that the LEA liaison shall ensure that all homeless children, youth and families are identified through coordinated activities with other entities. DEFINITION OF HOMELESS (MCKINNEY-VENTO ACT SEC. 725(2); 42 U.S.C 11435(2)): CHILDREN WHO LACK A FIXED, REGULAR, AND ADEQUATE NIGHT TIME RESIDENCE:

**Students are expected to turn-in their written excuse to the office on the day they return to school.**

The Board requires that school age students enrolled in district schools attend school regularly, in accordance with state laws. The educational program offered by the district is predicated upon the presence of the student and requires continuity of instruction and classroom participation in order for students to achieve academic standards and consistent educational progress.

Attendance shall be required of all students enrolled in district schools during the days and hours that the school is in session, except that a principal or teacher may excuse a student for temporary absences upon receipt of satisfactory evidence of mental, physical, or other urgent reasons that may reasonably cause the student's absence. Urgent reasons shall be strictly construed and do not permit irregular attendance

## ABSENCE FROM SCHOOL

The Board considers the following conditions to constitute reasonable cause for absence from school:

1. Illness.
2. Quarantine.
3. Recovery from accident.
4. Required court attendance.
5. Death in family.
6. Family educational travel, with prior approval.
7. Educational tours and trips, with prior approval.
8. Other reasons to be considered only if it directly affects the student and is agreed to by the school principal.

Absences shall be treated as unlawful until the district receives a written excuse explaining the absence, to be submitted within three (3) days of the absence. **Family Emergencies** are

**A maximum of ten (10) days of cumulative lawful absences verified by parental notification shall be permitted during a school year. All absences beyond ten (10) cumulative days shall require an excuse from a licensed physician (medical excuse).**

The Board shall report to appropriate authorities infractions of the law regarding the attendance of students below the age of seventeen. The board shall issue notice to those parents/guardians who fail to comply with the requirements of compulsory attendance that such infractions will be prosecuted according to law.

Attendance need not always be within school buildings. A student shall be considered in attendance if present at any place where school is in session by authority of the Board; the student is receiving approved tutorial instruction, or health or therapeutic services; the student is engaged in an approved and properly supervised independent study, work-study or career education program; the student is receiving approved homebound instruction.

Upon written request by a parent/guardian, an absence for observance of a student's religion on a day approved by the Board as a religious holiday shall be excused. A penalty shall not be attached to an absence for a religious holiday.

The Board shall, upon written request of the parents/guardians, release from attendance a student participating in a religious instruction Program acknowledged by the Board. Such instruction shall not require the child's absence from school for more than thirty-six (36) hours per school year, and its organizers must inform the Board of the child's attendance record. The Board shall not provide transportation to religious instruction. A penalty shall not be attached to an absence for religious instruction.

The Board shall permit a student to be excused for participation in a project sponsored by a statewide or

3. Other reasons to be considered only if it directly affects the student and is agreed to by the school principal.

The Board shall excuse the following students from the requirements of attendance at district schools, upon request and with the required approval:

3. Students attending college who are also enrolled part-time in district schools.
4. Students attending a home education program in accordance with law.
5. Students fifteen (15) or sixteen (16) years of age whose enrollment in private trade or business school has been approved.
6. Students fifteen (15) years of age, and fourteen (14) years of age who have completed the sixth (6th) grade, engaged in farm work or private domestic service under duly issued permits.
7. Students sixteen (16) years of age regularly employed during the school session and holding a lawfully issued employment certificate.

The Board may excuse the following students from the requirements of attendance at district schools:

1. Students receiving tutorial instruction in a field not offered in the district's curricula from a properly qualified tutor approved by the Superintendent, when the excusal does not interfere with the student's regular program of studies.
2. Homebound children unable to attend school on the recommendation of the school physician and school psychologist or psychiatrist and approval of the Secretary of Education.
3. Students enrolled in special schools conducted by the BLaST Intermediate Unit or the Department of Education.

Students (age 17 or greater) who are enrolled in the schools of this district and who are at any time absent from school for ten (10) consecutive days shall be removed from active membership roll unless one of the following occurs:

1. The district has been provided with evidence that the absence may be legally excused.
2. Compulsory attendance prosecution has been or is being pursued.

## EDUCATIONAL TRIP REQUESTS

The Board may excuse a student from school attendance to participate in an educational tour or trip not sponsored by the district if the following conditions are met (refer to **Request for Educational Trip Permission Form**):

1. All absences that result from an approved family educational trip shall be excused.
2. To be approved, a family educational trip must be under the direct supervision of a parent/guardian, or legal custodian; and must be preceded by the completion of all necessary paperwork delivered to the school principal at least five (5) days prior to the trip unless waived by the principal.
3. The school principal shall review the responsibilities of the student and family with the head of the household as well as initiate the formal approval process by assisting with any questions regarding the completion of the Request for Educational Trip Permission Form
4. Students may be excused by reason of family educational trips for no more than five (5) school days in any one (1) year.
5. The building administrator possesses discretionary latitude to grant additional day(s) toward an educational trip or activity with the approval of the Superintendent.
6. Principals shall have the authority to limit such absences to a lesser number if the student's pattern of absences to that date, appear to be detrimental to his/her educational progress. The principal shall indicate such limitation on the Request for Educational Trip Permission Form before it is filed with the Superintendent for final approval or disapproval.

The Superintendent or designee shall annually notify students, parents/guardians and staff about the district's attendance policy by publishing such policy in the student handbook, parent newsletters, district web site and other efficient methods.

Distribute annually to staff, students, and

# Attendance Services

parents/guardians Board policies and school rules and regulations governing student attendance, absences and excusals.

The Superintendent or designee shall develop administrative regulations for the attendance of students which:

1. Ensure a school session that conforms with requirements of state law and regulations.
2. Govern the keeping of attendance records in accordance with state statutes.
3. Impose on truant students appropriate incremental disciplinary measures for infractions of school rules, but no penalty may have an irredeemably negative effect on the student's record beyond that which naturally follows absence from classroom learning experiences.
4. Identify the habitual truant, investigate the causes of truant behavior, and consider modification of the student's educational program to meet particular needs and interests.
5. Ensure that students legally absent have an opportunity to make up work.
6. Issue written notice to any parent/guardian who fails to comply with the compulsory attendance law, within three (3) days of any proceeding brought under that law. Such notice shall inform the parent/guardian of the date(s) the absence occurred; that the absence was unexcused and in violation of law; that the parent/guardian is being notified and informed of his/her liability under law for the absence of the student; and that further violations during the school term will be prosecuted without notice.

Repeated infractions of Board policy requiring the

attendance of enrolled students may constitute misconduct and disobedience to warrant the student's suspension or expulsion from the regular school program or provision of alternative education services.

## TARDINESS AND PARTIAL DAY ABSENCES

A note of explanation shall be given to the building office for a late arrival or an early dismissal. Absences shall be classified as either lawful or unlawful based upon the previously identified criteria. Students who leave for an appointment must bring back a doctor's excuse when they return.

- Tardy to School: up to 1.5 hours
- Early Dismissal: up to 1.5 hours

- ½ Day: time missed over 1.5 hours
- Full Day: Present less than 1.5 hours

Tardiness, either by itself or combined with other unlawful absences, that exceeds the limits specified shall result in the student being classified as a habitual truant and subject to prosecution.

Please keep in mind that tardy minutes can be added up. If an excessive amount of tardies occur, it could result in the child being charged with an illegal absence as well as another school consequence.

Any student who participates in an extra/co-curricular activity on a given school day must be in attendance for the full day in order to practice or participate, unless the absence that day is classified as a required court appearance, death in the family, doctor's appointment verified by a medical excuse, or an absence approved by the principal.

Administration may impose on truant students appropriate incremental disciplinary measures for infractions of school rules, but no penalty may have an irredeemably negative effect on the student's record beyond that which naturally follows absence from classroom learning experiences.

Students who accumulate thirty (30) days absences excused and unexcused from any year length course or fifteen (15) days of semester-length course may be denied credit or possible grade promotion. The final decision will be made by the principal after consultation with the Superintendent.

The Superintendent or designated administrator shall develop procedures for the attendance of students:

1. Jersey Shore Area School District will notify parents/guardians of the first unlawful absence.
2. Jersey Shore Area School District building principal will give written notification to the parents/guardians of the third unlawful absence. A conference will be arranged with the school district attendance officer or designee.
3. On the fourth unlawful day, a citation will be filed with the District Justice.
4. A referral process will be developed to refer students for truancy elimination plan/intervention for subsequent unlawful absence.
5. A student will be referred to Children and Youth for habitual truancy. The court may be notified.

The law also provides for the removal of drivers licenses from truant juveniles for ninety (90) days for the first offense and six (6) months for the second offense. Any

# Attendance Services

unlicensed juvenile is prohibited from applying for a learner's permit for ninety (90) days for the first offense and six (6) months for the second offense commencing upon the day of the sixteenth (16th) birthday.

Identify the habitual truant, investigate the causes of truant behavior, and consider modification of the student's educational program to meet particular needs and interests.

Ensure that students legally absent have an opportunity to make up work.

Issue written notice to any parent/guardian who fails to comply with the compulsory attendance law, within three (3) days of any proceeding brought under that law. Such notice shall inform the parents/guardians of the date(s) the absence occurred; that the absence was unexcused and in violation of law; that the parents/guardians are being notified and informed of his/her liability under law for the absence of the student; and that further violations during the school term will be prosecuted without notice.

Repeated infractions of Board policy requiring the attendance of enrolled students may constitute misconduct and disobedience that warrant the student's suspension or expulsion from the regular school program or provision of alternative education services.

## SCHOOL ATTENDANCE IMPROVEMENT PLAN

- Two (2) unexcused absences- families will be contacted by our School Based Outreach Worker.
- Three (3) unexcused/unlawful absences- The School Based Outreach Worker will make contact to set up an Attendance Improvement Conference
- Families will receive a written notice within 10 school days of the third absence.
- Families will receive a letter confirming the date and time of the Attendance Improvement Conference.

In accordance with **Pennsylvania Truancy Law**, students, 15 years or older, with 6 or more unexcused/unlawful absences are subject to the following:

- Refer the child to a school-based or community-based attendance improvement program
- File a citation against the student or parent in magisterial district court.
- If the child incurs additional absences after a school refers that child to an attendance improvement plan or refuses to participate in an attendance improvement program, the school MAY refer the child to local CYS agency for possible disposition as a dependent child.

## PARTICIPATION AND ATTENDANCE AT SPORTS AND EXTRACURRICULAR ACTIVITIES

A full day of attendance will be required for participation or attendance at afterschool programs/activities or athletics. Students arriving to school after 8:10 a.m. or leaving before the end of the school day 3:30 p.m., **without a doctor's excuse**, will not be permitted to participate in or attend any sports event, sports practice, or extracurricular school activities during the day/evening of the absence.

## COMPULSORY ATTENDANCE PA CODE: 24 P.S. 13-1327

Pennsylvania state law defines compulsory attendance and school age as, "the period of a child's life from the time the child enters school as a beginner, which may be no later than eight years of age, until the age of seventeen or graduation from high school, whichever occurs first." Therefore, school attendance is mandatory for all resident children within the compulsory ages to attend a school where the Standards of the State Board of Education are taught.

School districts have the responsibility to maintain accurate and effective attendance records for their students. The Compulsory Attendance Law treats every absence as unlawful (unexcused) until the school receives a written excuse explaining the reason for the absence. Excuses should be submitted to the school

within three (3) days of the student's return. If an excuse is not received, the day(s) of absences are permanently classified as unlawful. Students are only permitted a maximum of ten (10) lawful absences and three (3) unlawful absences per school year. All absences beyond the allowable lawfully absent days require a physician's excuse.

The Compulsory Attendance Law can be found at: [www.portal.state.pa.us](http://www.portal.state.pa.us).

**Electronic (email) excuses are NOT acceptable forms of parental excuses. Excuses must be signed by a parent/guardian. PDF and faxed excuses are acceptable.**

Articles related to physical education should also be reported or returned to the appropriate gym office. Articles still remaining at the end of each semester will be disposed of properly.

## OFFICE PHONE

There is a phone on the office counter for the purpose of contacting a parent. Limit your call to three minutes and ask permission to use the phone before making the call.

## ONE CALL NOW

**One Call Now** is an online service that sends important messages to families. Under normal circumstances, parent contact is made at a primary phone number, by e-mail or by a text message. Primary parent contact information comes from the district's student information system and can only be updated by notifying the school the student is attending. Parents will have the opportunity to add additional phone numbers and email addresses through the One Call Now system. Instructions on how to add additional information will be sent home with students during the first few days of school year. There will also be a link on the school district website: [www.jsasd.org](http://www.jsasd.org) [under Site Shortcuts] that will have information on the One Call Now System. In the event of an emergency, parents are contacted at all registered phone numbers, including work numbers, cell phone numbers, and home phone numbers. Parents/guardians are encouraged to register as many phone numbers and e-mail addresses as they wish.

## PEST MANAGEMENT

The Jersey Shore Area School District uses an Integrated Pest Management (IPM) approach for managing insects, rodents and weeds. Our goal is to protect individuals from pesticide exposure by using the IPM approach to pest management. Our IPM approach focuses on making the school building and grounds an unfavorable habitat for these pests by removing food and water sources and eliminating their hiding and breeding places. We accomplish this through routine cleaning and maintenance. We routinely monitor the school building and grounds to detect any pests that are present. The pest monitoring team consists of our building maintenance, office and teaching staff, and includes our students. Pest sightings

# SCHOOL OFFICE SERVICES

---

are reported to our IPM coordinator who evaluates the “pest problem” and determines the appropriate pest management techniques to address the problem. The techniques can include increased sanitation, modifying storage practices, sealing entry points, physically removing the pest, etc.

From time to time, it may be necessary to use chemicals to manage a pest problem. Chemicals will only be used when necessary, and will not be routinely applied. When chemicals are used; the school will try to use the least toxic product when possible. Applications will usually be made after normal school hours or when school is not in session. Notices will be posted in these areas 72 hours prior to application and for two days following the application.

Parents or guardians of students enrolled in the school may request prior notification of specific pesticide applications made at the school. To receive notification you must be placed on the school notification registry. If you would like to be placed on the registry, please notify the district immediately in writing. Please include your email address if you would like to be notified electronically.

If a chemical application must be made to control an emergency pest problem (ex. stinging insects), notice will be provided by telephone to any parent or guardian who has requested such notification in writing. Exemptions to this notification include disinfectants and antimicrobial products; self-containerized baits placed in areas not accessible to students, and gel type baits placed in cracks, crevices or voids; and swimming pool maintenance chemicals. Each year the district will prepare a new notification registry. If you have any questions, please contact Bruce Rogers, Director of Building and Grounds and IPM Coordinator.

## POSTERS AND SIGNS

All posters or other related materials may not be posted without permission of the principal or assistant principal. **No materials should be taped on any painted surface.** Please use the strips found in hallways around the building or see the office for putty. Out of school materials should be posted in the library

corridor. Bulletin boards will be made available for students in the stairwells and cafeteria for posting. These boards are a service to all students and it is expected the student body will respect what is posted and not destroy or vandalize the postings. After an event has been completed, students who poster the material are asked to remove the postings.

## SETTLEMENT OF SCHOOL BUSINESS

At the close of the school term or when a student withdraws from the school, all textbooks, electronic devices (including the iPad) and other school property must be returned and all business matters with the school must be fully settled. Failure to receive full clearance may result in withholding reports and transcripts of that student until satisfactory settlement is made. Replacement cost of texts books will be based on original purchase price minus 10% for every year used. For textbooks that have been used for more than five years, replacement cost will be 50% of the original purchase price. The final price will be set by the administration.

## USE OF SCHOOL BUILDING

- Shoes must be worn at all times. Footwear or other attire that constitutes a safety hazard is not allowed.
- Exposed midriffs, torsos, backless tops, halter tops, spaghetti straps, or shirts/blouses that are extremely low cut in the front or back are not considered professional or appropriate for school.
- Skirt/shorts should not be revealing; be sure that they are of appropriate length for school or the workplace
- Muscle/tank tops that are low cut in the front, back, or sides are prohibited. Straps are to be wider than 1” and completely cover the entire torso.
- Hats, bandannas, or other head covers are to be removed when students enter the building.
- Undergarments must be properly covered.

This is not intended to be an exhaustive list. The administration reserves the right to have any student change clothing or other items that reasonably present a danger to others, distract from the learning environment, or are prohibited by other school policies.

Students found in violation of the dress code will be required to change into acceptable apparel or call home for appropriate clothing to be brought to the school. Students will also be detained from regular classes and sent to ISS until appropriate attire is provided.

**Gross or Repeated Violations of the dress code may result in further disciplinary action.**

## SCHOOL WIDE POSITIVE BEHAVIOR

The Jersey Shore Area School District is part of the School Wide Positive Behavior initiative. At the high school our motto is **SHORE Pride**: Safety, Honesty, Ownership, Respect, and Enthusiasm. The basic expectations are listed on the chart on the next page.

The following page has the **Classroom – Office Discipline Referral** sheet. These are minor infractions dealt with by the classroom teacher. If the infractions continue, the teacher, after trying corrective expectations in the classroom, will forward the information to the principal for further discipline.

Following the classroom referral is the **Office Discipline Referral (ODR)** sheet. This referral goes directly to the principal for immediate action. The referrals are broken down into levels of severity.

Our ultimate goal is that students understand there is a level of expectation for behavior. Every student has the right to their education free from disruption.

## PROHIBITION OF WEAPONS IN THE SCHOOL

Students have the right to obtain an education and school personnel have the right to work in a safe, healthy, danger-free environment.

In order for Jersey Shore Area School District to continue to provide as safe a school environment as possible, the following Prohibition of Weapons in the School Policy 218.1 will be enforced by the administration.

Weapons and replicas of weapons are forbidden on school property. School property means to school, school grounds, school buses, or any premises, grounds, or vehicle used for official school purposes.

A weapon is defined by Pennsylvania school law as “any knife, cutting instrument, cutting tool, nunchaku, firearm, shotgun, rifle, and [anything else] capable of inflicting serious bodily injury.” This definition may include box cutters, kitchen knives, pen knives on key chains, and other common household items. Weapons can also include but not be limited to, metal knuckles or artificial knuckles, straight razor, explosives, firecrackers, noxious, irritating or poisonous gases, poisons, sling shots, and any other tool, instrument implement or chemical capable of inflicting serious bodily injury or death. The foregoing does not apply to any object which is specifically authorized by school officials.

A student is deemed to be in possession of any illegal and/or banned item(s) under this policy when such item(s) is found on the person of the student, or under his/her control, on property being used by the school or any school function, or activity, or any school event held away from the school.

This prohibition shall not apply to any weapon which (a) is brought to school by a student for an approved academic extracurricular purpose and (b) if a firearm, shall not be loaded or otherwise capable of being fired.

Weapons under the control of law-enforcement personnel are permitted. The Superintendent may

authorize other persons to possess weapons in school buildings. The Superintendent may prescribe special conditions or procedures to be followed before giving such authorization.

Disciplinary and legal action will be taken against any student who violates the policy and/or any student who assists another student in violating the policy in any way.

Upon discovery of a violation, the following actions will be taken:

1. The weapon will be confiscated.
2. The police will be notified, and the weapon turned over to them.

Upon recommendation of the Superintendent, however, the Board may modify such expulsion requirement for a student on a case-by-case basis.**

## DISCIPLINARY ACTION

---

Student conduct is closely related to learning. An effective educational program requires a safe and orderly environment. Disciplinary action follows progressive levels relating to student conduct (See Office Discipline Referral Form, Page 30). Minor infractions typically result in a form of detention. Students may receive one administrative warning for a minor infraction. Major infractions can have a range of consequences. Disciplinary action includes:

- Lunch Detention
- After-School Detention
- In-School Suspension
- Out-of-School Suspension
- Expulsions / Alternative Education Placement
- Loss of Parking Privileges

# STUDENT EXPECTATIONS

---

## LUNCH DETENTION

Lunch Detention is held during the student's assigned lunch period. Students assigned to lunch detention must report to the lunch detention room immediately at the start of lunch. Students must have sufficient school work or reading materials for the entire lunch period. Students may pack their own lunches or a lunch will be provided to the student. Students must adhere to the following lunch detention rules:

- Must be on time.
- Must have work to do
- No talking
- No personal electronic devices / computers
- No sleeping or head down
- No bathroom breaks
- All school rules apply.

Failing to attend or complete a lunch detention will result in a make-up lunch detention plus an additional lunch detention. Failure to attend or complete a second lunch detention will result in a after school detention and/or day of In-School suspension.

## AFTER SCHOOL DETENTION

Detention may be assigned as a consequence for committing an infraction at the high school. Detentions can be completed during any scheduled detention time before or up to the assigned date or the morning immediately following the assigned date. Detention is held on Monday and Thursday from 3:30 to 4:30 p.m. when school is in session. The following regulations and instructions are to be followed by students assigned to detention hall:

1. When a student reports to detention they will:
  - a. Report to room B130 (Mr. Vairo's Room) following the dismissal bell at 3:30 p.m, arriving by 3:35 pm
  - b. Have sufficient work or reading material for the duration of the one-hour detention.

3. If a student misses detention, shows up late, or reports to detention without work it will be considered cutting detention:
    - a. **A student missing a detention will be assigned a make the detention up; they will be required to make up the detention the next date on which detention is scheduled. Failure to attend an assigned detention which is a consequence of a missed detention will result in a day of In-School Suspension.**
    - b. If you are absent from school or leave school early, for an excused reason, on the day an assigned detention, you will be resigned a night of detention and a doctor's excuse will be required to miss the next detention.
    - c. If an emergency situation arises whereby a student cannot attend an assigned detention, the student's parent must contact one of the principals (570.398.7170) prior to the start of the detention. Once the reason is given and accepted as valid, the student will be reassigned to a future detention without additional penalty. **Employment will not be deemed an acceptable excuse for missing detention.** Failure to contact the principal will result in a cut detention (see 3 a. above).

# STUDENT EXPECTATIONS

---

## MORNING DETENTION

For students with afterschool obligations, morning detention is available upon request. **An appointment must be made with the detention monitor to take advantage of a morning detention.** The morning detention must be completed before the date of the original detention or the morning immediately following the assigned date. Morning detention is held from 7 am – 8 am. Any student taking a morning detention must report to room B130, Mr. Vairo’s classroom no later than 7 AM. Students who arrive late will be denied that morning detention. Mr. Vairo will have a sign-in sheet for students to sign when they attend a morning detention.

## TEMPORARY SUSPENSION *OUT-OF-SCHOOL SUSPENSIONS (OSS)* JSASD Policy #: 223

Occasionally a student is involved in conduct of such serious nature that in the judgment of the principal, the pupil must be suspended from school. Under normal circumstances, temporary suspension will not exceed three school days.

A student is considered legally absent while under suspension and is given the privilege of make-up work when returning to school.

Suspended students are not allowed on school property while under suspension.

For more serious offenses a “full suspension” may be imposed for a period of up to ten (10) days, after an informal hearing before the principal is offered to the student and the student’s parent.

## IN-SCHOOL SUSPENSION (ISS) Room B-132

Rationale: ISS is a form of punishment. ISS is a desirable form of punishment as it keeps students in school and allows them to complete their school work in a quiet and structured environment while removing

them from the regular school environment for a limited amount of time.

1. Students assigned to ISS should report to ISS with everything they will need for the full day at the start of period one on the day or days assigned.
2. Students must surrender their cell phone and/or electronic devices to the ISS Monitor.
3. Students should plan on remaining in the ISS room for the entire day except for using the restroom. Teacher requests for students to attend classes will be considered by the principals on a case by case basis with the understanding that occasionally instructional events occur in classrooms that cannot be duplicated.
4. Lunch will be eaten in the ISS room. Students will have the following two options for lunch.
  - a. Student can purchase a lunch from the cafeteria. A limited order will be taken near the start of the day for this purpose. The lunch will be one complete type A lunch. No a-la-carte purchases will be allowed.
  - b. Students may bring a packed lunch from home.
5. Students will be expected to follow the directions of the ISS monitor and be respectful to everyone in the ISS room.
6. Students will be expected to complete all school work to the best of their ability. Students are encouraged to ask for help as needed. The ISS monitor will help as much as possible and may ask teachers to stop by to help students as needed.
7. Students are expected to bring a book or other appropriate work or reading material with them to ISS to occupy time if and when the assigned work for the day is complete.
8. Uncooperative or disruptive behavior may result in out of school suspension and/or disorderly conduct charges.

## DISCIPLINARY PROCEDURES FOR BUS INFRACTIONS

Each building principal has an important responsibility with respect to students' transportation. Health and safety factors are the principal's concern since he is the first to feel the impact of any deviation. Student behavior on the school bus is the principal's responsibility since infractions are to be referred to his or her office. A school program which develops good student behavior and democratic spirit in the school will carry over in activities outside the school, including the school bus.

Any student causing disorder on the school bus must be reported by the driver to the student's building principal. The principal will work cooperatively with parents, students, the transportation director and the bus driver. ## STUDENT MOBILE DEVICE FINANCIAL RESPONSIBILITY POLICY 815.2

*\*This Policy is Currently Under Review  
and May Change\**

The Jersey Shore Area School District is embarking on a multi-year initiative to provide a digital device (iPad) to every student for use in the classroom. In most cases, students will take the devices home with them for research and homework assignments during the school year. The benefits of the Jersey Shore Area School District 1:1 iPad program include:

- Providing instant access to up-to-date information and current events as well as digital books and multimedia resources
- Fostering critical thinking skills to do research that encourages proactive learning
- Strengthening communication skills and literacy
- Availability of multiple collaboration tools
- Individualizing learning for each student
- Preparing students for high school and college work
- Expanding students' working knowledge of effective methods to problem solve and complete tasks

The device, accessories, and all necessary software are provided free of charge but, in accordance with applicable laws, parents/guardians may be held financially responsible for damage, loss, or theft of the device under certain circumstances. These circumstances are more fully described in the questions below.

The District is offering an *optional, voluntary coverage program* to provide financial protection against accidental damage (including screen breakage) of devices. This program is self-funded, and all monies collected will be deposited into a special account to be used for repair or replacement of damaged, lost, or stolen student devices. The purpose of the program is to help offset the cost of a lost or damaged iPad to families, and it can provide significant savings in the event of accidental damage or loss.

### **TERMS AND CONDITIONS:**

The coverage fee annual cost is “per student” and identified in Policy 815 administrative regulations.

### **Coverage Details:**

1. **Damage:** pays for damage to the iPad on school property or any other location.
2. **Accidental Damage:** Pays for accidental damage cause by liquid spills, drops, falls, and collisions.
3. **Theft:** Pays for loss or damages due to theft; a claim must be made the next school day and must include a copy of a police report.
4. **Fire:** Pays for loss or damage due to fire; a copy of the official fire report from the investigating authority must be included with the claim.
5. **Electrical Surge:** Pays for damage to the iPad due to electrical surges.
6. **Vandalism:** Pays for damage caused by vandalism.
7. **Natural Disasters:** Pays for loss caused by a natural disaster.

The parent/guardian may not substitute homeowner insurance or personal insurance for School District iPad insurance. The insurance fee cost is not subject to reduction or refund for partial year participation due to late enrollment in, or early withdrawal from, the school district.

The iPad insurance enrollment period is from the beginning of the school year through October 15. For new students enrolling in the school district after the October 15 enrollment deadline, the enrollment period will be with the first ten (10) school days after receiving a student device. After the enrollment period, parents/guardians would need to wait until the subsequent school year to opt in and would therefore be fully responsible for damage to their iPad.

For incidents covered by optional insurance, parents/guardians will be asked to submit payment of the

# TECHNOLOGY SERVICES

---

\$20/\$10 cost share/deductible (1<sup>st</sup> incident) or \$80/\$50 cost share/deductible (2<sup>nd</sup> and subsequent incidents) prior to the student receiving a repaired or replaced device. For incidents not covered by optional insurance, parents/guardians will be invoiced for the full cost of repair or replacement.

In the event that invoices are not paid within thirty (30) days, any or all of the following actions may also be taken by the District, until such time as the invoiced amount is paid in full:

- Additional correspondence/contact demanding payment.
- Withholding of student grades and/or transcripts.
- Suspension of discretionary activities for the student.
- Referral to a collection agency.
- Student use of a replacement device would be limited to school (no option for taking device home).

In cases where a replacement device is necessary, the District will decide what type of device will be provided as a replacement.

**Current estimated repair/replacement costs WITHOUT insurance:**

Type of Damage	Estimated Repair - Replacement Costs
Damaged screen or LCD display	\$200
Damaged headphone jack, speaker, or Lightning connector	\$150
Damaged button (home/volume/power)	\$100
Cable replacement	\$20
AC adaptor replacement	\$20
Complete iPad replacement	\$500
Protective sleeve replacement	\$30

**Opt-in/Opt-out Process**

Parents/Guardians have the option to decide if they want to participate (OPT-IN) in the student iPad Coverage Program or not participate (OPT-OUT) and assume full responsibility to pay for accessory replacement costs or repair/replacement of a damaged iPad.

iPad Coverage envelopes will be sent home with student(s) the first days of school and will be available after that at each school’s main office.

1. Mark on the envelope your iPad Coverage selection - OPT-IN or OPT-OUT.
2. Fill in the needed information on the iPad Coverage Envelope (even if the parent/guardian OPTs-OUT).
3. If Opting-IN, select the cost category (Regular, Reduced Lunch or Free Lunch) and put that amount in the envelope and seal it.
4. Envelopes with parent/guardian decision (OPT-IN or OPT-OUT) are returned to the student’s homeroom teacher.

**OPT IN** - fill out the requested information on the envelope, and submit a check (made out to Jersey Shore Area School District) or money order for the correct amount. The student should return the envelope to his/her homeroom teacher.

## POLICY 815

### ACCEPTABLE USE OF INTERNET, NETWORKS, AND TECHNOLOGY RESOURCES

**District Policy 815 -- Acceptable Use of Internet, Networks, and Technology Resources** governs student use of school technological equipment. The policy can be found on line with the student handbook.

#### PURPOSE

The Board supports use of the Internet, networks, and technology resources in the district's instructional and operational programs in order to facilitate learning, teaching and daily operations. The Acceptable Use Policy provides the terms and conditions that must be accepted by students, parents and legal guardians, staff, guests, and affiliated agencies regarding the acceptable use, rules of behavior, and access privileges to the Internet, e-mail correspondence, the use of the computer hardware and peripherals, and the installation and maintenance of software.

For instructional purposes, the use of the Internet, networks, and technology resources shall be consistent with the curriculum adopted by the school district as well as the varied instructional needs, learning styles, abilities, and developmental levels of students as well as the operational needs of the school district.

The Internet and the World Wide Web is a vast information network that links individuals, computers, networks, and databases throughout the world. The Internet has the potential to serve as an invaluable resource because it allows immediate access to and download of educational materials. All users must be aware that the Internet's power to access the limitless information resources also includes information or materials that lack educational value and can be inaccurate, controversial, objectionable, offensive, defamatory, and even illegal. The Jersey Shore Area School district does not condone the use of the District technology resources for these purposes. However, it is technologically impossible for the district to adequately filter or control the quality or content of the information available on the Internet while still retaining a meaningful connection to it. Therefore, all users will be held responsible for ensuring their activities adhere to the

district's Acceptable Use Policy and to generally accepted educational standards as outlined in other applicable district policies.

The internet also provides new and exciting interactive communication technologies such as podcasts, blogs, wikis, and discussion groups. While these interactive technologies hold great educational potential for learning, they can also be disruptive if improperly utilized. Use of these interactive technologies must be related to district business or have an educational purpose.

This Board supports and promotes positive and effective digital citizenship among all district users.

#### AUTHORITY

- The electronic information available to students and staff does not imply endorsement by the district of the content, nor does the district guarantee the accuracy of information received. The district shall not be responsible for any information that may be lost, damaged or unavailable when using the network or for any information that is retrieved via the Internet.
- The district shall not be responsible for any unauthorized charges or fees resulting from access to the Internet.
- The district reserves the right to log network use and to monitor fileserver space utilization by district users, while respecting the privacy rights of both district users and outside users.
- The Board establishes that network use is a privilege, not a right; inappropriate, unauthorized and illegal use will result in cancellation of those privileges and appropriate disciplinary action.
- The district's technology system administrators and staff have access rights to user accounts to conduct normal and routine business and security functions regarding technology integration and technical support for the users of the District.

#### DELEGATION OF RESPONSIBILITY

The district shall make every effort to ensure that this resource is used responsibly by students and staff.

- Administrators, teachers and staff have a professional responsibility to work together to help students develop the intellectual skills necessary to discriminate among information sources, to identify information appropriate to their age and

# TECHNOLOGY SERVICES

---

developmental levels, and to evaluate and use the information to meet their educational goals.

- Students and staff have the responsibility to respect and protect the rights of every other user in the district.
- The building administrator shall have the authority to determine what is inappropriate use.
- The district's Instructional Technology Specialist or his/her designee will oversee the district's technology systems and will work with district, regional, or state organizations to educate employees and provide leadership for proper training in the use of the district's technology systems and requirements of this policy.
- The district's Instructional Technology Specialist or his/her designee will maintain a procedure for creating and assigning individual accounts set quotas for disk usage of the system, establish a data file retention schedule, maintain the school district virus protection process, monitoring network traffic, processor and system utilization, and all applications provided through the network and communication systems, including e-mail.
- The Superintendent of Schools or his/her designee is responsible for ensuring the security of personal and confidential data maintained in employee or student information management systems. In systems not maintained by the district on district equipment, the Superintendent or his/her designee is responsible for periodic auditing to ensure that adequate security measures are in place. It is the express responsibility of all users to be aware of confidentiality rights governing such data and to protect the data.

Unless education-related business is being conducted, student should not communicate with staff in other buildings.

Students have a 100 MB storage quota assigned to their accounts, and a warning message will be issued when a student reaches 90 MB. When a student is 100 MB, the student's ability to send and receive messages will stop until unnecessary files are deleted from the account. The student is responsible for the maintenance of his/her account and the deletion of unnecessary e-mail messages.

The contents of the e-mail accounts are open to inspection at any time by school district technology staff and administrative staff, and the contents of the e-mail account are the property of the Jersey Shore Area School District. The privilege of using a JSASD e-mail account may be rescinded at any time if the student violates the provisions of the district's Acceptable Use Policy 815.

## Co-Curricular and Extra-Curricular Handbook for Middle School and High School Students

---

This appendix has references to the following policies:

- #121 – Field Trips
- #122 – Extracurricular Activities
- #123 – Interscholastic Athletics
- #123.1 – Concussion Management
- #137.1 – Extracurricular Participation by Home Education Students
- #140.1 – Extracurricular Participation by Charter/Cyber Charter Students
- #210 – Use of Medications
- #211 – Student Accident Insurance
- #222 – Tobacco Use
- #236 – Student Assistance Program
- #247 – Hazing

All students participating in or who may participate in co-curricular and/or extracurricular activities will be subject to the following rules listed below **24 hours a day, 7 days a week, and 365 days a year.**

### **Theft, Vandalism or Property Damage**

Students are expected to show respect for the property owned by the School District, other schools, private individuals and other private or public entities. Theft, vandalism or damage to property denotes poor school citizenship and any student involved in such activity will be referred to the school administration for disciplinary action. In addition to possible suspension or expulsion from school (if applicable), a student will be subject to the following disciplinary penalties for violations of this policy.

1. **First Offense** – A first offense will result in suspension from the co-curricular/extracurricular program for the next competition/privilege.
2. **Second Offense** – A second offense will result in suspension from co-curricular/extracurricular activities for 20 calendar days.
3. **Third Offense** – A third offense will result in suspension from all co-curricular/extracurricular activities for one calendar year.

### **Hazing (Policy #247)**

Jersey Shore does not condone any form of hazing defined as any activity that recklessly or intentionally endangers the mental health, physical health or safety of a student or causes willful destruction or removal of public or private property for the purpose of initiation or membership in or affiliation with any organization recognized by the Board.

Any hazing activity, whether by an individual or group, shall be presumed to be a forced activity, even if a student willingly participates.

1. **First Offense** - On the first offense the student will be suspended from the co-curricular and/or extracurricular program for 45 calendar days.
2. **Second Offense** – A second offense will result in suspension for all co-curricular and/or extracurricular activities for one (1) calendar year.
3. **Third Offense** - A third offense will result in suspension from all co-curricular and/or extracurricular activities for the remainder of the student's career.

**A student who participates in extra-curricular or co-curricular activities will have further consequences as outlined in this handbook.**

“Privileges” that would be suspended include participation in:

- School-sponsored dances including the Spring Fling or the Prom
- “Reward” activities that are part of the School Wide Positive Behavior Support Program
- Class “parties”
- Motivational Assemblies unless the purpose is for substance abuse awareness
- Field Trips
- Participation in a PIAA sport or cheerleading
- Any other activity deemed a student “privilege” by administration

# Co-Curricular and Extra-Curricular Handbook (*APPENDIX A*)

---

**Graduation exercises** will be allowed unless the student is suspended out-of-school at the time of the ceremony.

For purposes of this appendix the term “co-curricular and/or extracurricular” shall mean those activities which are sponsored or approved by the Board of School Directors but are not offered for credit toward graduation with the exception of band and choir which are both extracurricular and co-curricular. Such activities shall ordinarily be:

- Conducted wholly or partly outside the regular school day
- Marked by student participation in the processes of initiation, planning, organizing and execution
- Available to all students who voluntarily elect to participate
- Where eligibility requirements are necessary or desirable, the Board of School Directors shall be so informed and must approve the establishment of eligibility standards before they may be operable

Examples of such activities include, but are not necessarily limited to, intramural sports, interscholastic sports, and musical organizations such as marching band, student council, drama production, FBLA, TSA, NHS, cheerleading and clubs. A complete list of co-curricular and/or extracurricular activities may be found on the school district website.

Co-curricular and/or extracurricular activities are an important part of the total school program and are open to participation by all students regardless of individual differences. The opportunity to participate is a privilege provided by the taxpayers of the Jersey Shore Area School District community. Through voluntary participation, the student is expected to give time, energy and loyalty to the activity in which he/she participates. He/she is also expected to abide by the training rules, regulations and responsibilities unique to that activity.

## **School Attendance Requirements**

A student must be in attendance at school for the full day in order to attend or participate in an activity, practice or contest that day. An exception will be made if the student has a written excuse from the parent in conformance with the School District’s attendance policies and guidelines and the building administrator approves the written excuse. Examples of acceptable reasons are health care appointments, college visitations, and emergencies.

Any student who accumulates 10 or more excused, unexcused, or unlawful (excluding doctors excused or education trips) absences will meet with an administrator or designee to determine eligibility for participation.

## **Tobacco (Policy #222-Revised)**

Pennsylvania law prohibits students from possessing or using tobacco products on all school district property, including all school buildings, school vehicles and school grounds. Under the policy, students are prohibited from engaging in the following conduct anywhere at any time.

Tobacco use shall be defined as use and/or possession of a lighted or unlighted cigarette, cigar and pipe; other lighted smoking products; smokeless tobacco in any form; electronic cigarettes; and look-alikes. Electronic cigarettes are defined as battery-operated products designed to deliver nicotine, flavor, and/or other chemicals by turning the substance into a vapor that is inhaled by the user.

Any reasonable evidence of smoking shall justify disciplinary action under this policy. Direct observation of smoking is not required. Student will be subject to following penalties for violations of the anti-tobacco policy.

### **First Offense:**

- One (1) day in-school suspension
- Mandatory \$50 fine plus court fees
- Suspension of participation in the first 10% (rounding down) of the scheduled PIAA competitive events (1 event minimum suspension) for each season a student participates in a sport during the next 365 days. Practices/scrimmages are permitted.
- Recommend student to receive counseling or attend appropriate program.

# Co-Curricular and Extra-Curricular Handbook (*APPENDIX A*)

---

## Second Offense:

- Three (3) days in school suspension
- Mandatory \$50 fine plus court fees
- Suspension of participation in the first 25% (rounding down) of the scheduled PIAA competitive events (1 event minimum suspension) for each season a student participates in a sport during the next 365 days. Practices/scrimmages are permitted.
- Must meet with counselors or attend appropriate program.

## Third Offense:

- Three (3) days out-of-school suspension
- Mandatory \$50 fine plus court fees
- Suspension of participation in the first 50% (rounding down) of the scheduled PIAA competitive events (1 event minimum suspension) for each season a student participates in a sport during the next 365 days. Practices/scrimmages are permitted.
- Must meet with counselors or attend appropriate program.

## Additional Offense:

- Ten (10) days out-of-school suspension
- Mandatory \$50 fine plus court fees
- Suspension of participation in ALL extracurricular activities for a minimum of 365 days from the date of the offense.
- The building principal, director of athletics, coach, or advisor will meet and determine final disposition of each situation on a case-by-case evaluation. The principal is to have the final disposition in each case.

## Athletes and Cheerleaders (Extracurricular Activities)

### Mission Statement for Athletics

The Athletic Department supports the philosophy that a quality interscholastic athletic program is vital to the positive social, physical and educational development of students. The interscholastic athletic program enhances and supports the academic mission of the school system. We are committed to promoting the proper ideals of **sportsmanship, ethical conduct, and fair play at all athletic contests.** We support high standards of good citizenship, along with the regard for the rights of others. Being a member of the interscholastic athletics programs is a privilege to be earned and maintained throughout the season. Each time participants step into a school, onto a practice field and in a game they are expected to represent themselves in a responsible sportsmanlike manner.

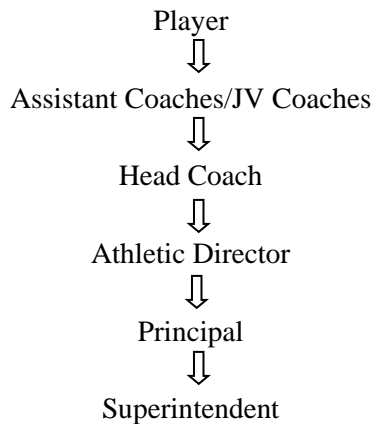

In addition to embracing the district Athletic Department philosophy, we will also encourage and promote:

- The belief that athletes should participate in multiple sports and not specialize in any one specific sport.
- The school district extends the opportunity to as many students as possible to participate in the athletic program because of the belief in the concept of “broad-based” student participation.
- The premise that all teams are considered vital for our student-athletes and each is a valued part of our athletic program. No one sport is considered more important than any other.
- The approach that all teams are treated as fairly as possible.

# Co-Curricular and Extra-Curricular Handbook (*APPENDIX A*)

## Athletic Chain of Command

The following chain of command is in effect

If there are any questions or concerns involving some aspect of the athletic program, the athlete should first contact the appropriate coach. If there is no resolution, he/she should go to the head coach, etc.

## Practice and competition attendance Requirements for Athletes

1. Given that the competition is extremely keen among the district students to be selected for a position on a team's roster or to achieve a starting role on one of our teams, it is expected that students who are successful in gaining these opportunities utilize their participation to its fullest capacity. Missing practice or competition may hinder an athlete's individual skill, attitude and knowledge development; weaken his/her role on the team; and affect the team's performance and chances of success.
2. Post-Season Eligibility according to the PIAA By-Law is based on a athlete's attendance at his/her school's practices and competitions.

## Excused Absences

An Athlete's absence for a practice or competition will be excused for the following reasons:

- Circumstances generally approved by the district for absence from the school (illness/injury, religious observance, education trip, co-curricular field trip, special academic pursuit, family commitment or doctor's appointment)
- Considerations: Athletes should always communicate an upcoming absence as far in advance as possible to the head coach. Because of

the broad scope of district activities, conflicts may occur between an athletic event and another district activity. When a conflict occurs, the athlete and coach should work out a solution that will be in the best interest of the student athlete utilizing the following criteria:

- The relative importance of each event
  - The importance of each event to the student
  - The contribution the student can make to each activity
  - When the events were scheduled
- A student may have an opportunity, for an alternative tryout if they meet **all** of the following conditions:
    - They have passed a physical for that sports season; all paper work is signed; and meet all academic eligibility standards
    - They have sustained an injury or become sick during the weeks prior to the initial tryout or during the initial tryout, and have a diagnosis and a prognosis from a doctor of when they may return. This excuse turned into the coach on or before the initial week of tryouts.
    - Their physician must clear them before their alternate tryout.

## Guidelines:

- The prospective participant must attend all practices until he/she is able to tryout so that he/she may be able to keep up with team issues, drills, and/or plays. The prospective person could act as a manager at this time until a tryout can be scheduled.
- This procedure is to be used only in the case of injury and illness, and may not be used in conjunction with missing tryouts.
- Other guidelines identified by the athletic director and coach.

## Consequences for Unexcused Absences

Failure to follow these rules, or any other additional team-specific rules publicized by the coach, will result in a consequence for the student-athlete. Consequences may include, but are not limited to, suspension from the team activities or dismissal from the squad.

It is intended that compliance with these attendance requirements will help each athlete to best develop

# Co-Curricular and Extra-Curricular Handbook (*APPENDIX A*)

---

his/her own talents and to best contribute to the development of the strongest possible interscholastic athletics program.

## **Athletics during School Cancellations, Early Dismissals or Delays**

In the event of inclement weather and/or other circumstances that result in an early dismissal or the cancellation of school, the athletic events, practices, and meetings will be cancelled unless the superintendent or his designee states otherwise.

In the event of a delay an official determination regarding the status of practice, meetings, home and/or away events will be made by the Athletic Director with consultation of school administration by 1:00 PM and announced by the Athletic Director. The decision is final.

## **Academic Requirements for High School and Middle School Students in Sports**

1. Students are required to be passing six credits at the high school and six classes at the middle school to be eligible to participate in extracurricular activities.
2. The academic progress of all students participating in extracurricular activities will be monitored at the end of each week.
3. Academic eligibility will be based on the grade listed for the course in the MMS portal on Friday. Teachers and coaches will be notified of a player's status. It is the responsibility of the coach to notify players of their eligibility and to contact parents if there are academic concerns. The suspension from competition and performances will be for one week from Monday to Sunday. Students will not be able to leave school early for competitions during their period of ineligibility.
4. Any student/athlete enrolled in classes outside of the district will be responsible for weekly eligibility checks. The student will provide the athletic office/advisor a weekly signature from the course instructor by noon on Monday for the prior week's work.
5. Weekly eligibility sheets will not be run for one week at the start of each marking period due to the small number of grades available at that time. Weekly eligibility sheets will be run starting the second week.
6. Any student/athlete with two (2) failing grades will be required for the first thirty (30) minutes of each practice to work on academic material or tutoring until the grades are brought to passing.
7. Students not passing four (4) credits at the high school or four (4) classes at the middle school at the end of a school year will be ineligible to participate in co-curricular and/or extracurricular activities for the first fifteen (15) days of the next applicable activity or program during the next school year. The student may attend a district approved summer school program or other academic program in the failed subject areas and must receive a passing grade to be eligible and not serve the fifteen (15) day suspension.

## **Participation**

Every student athlete is required to have **accident insurance** to participate in any sport. Parents or guardians of athletes will provide proof of accident insurance coverage (Policy 211 Student Accident Insurance).

If the student athlete is not covered by accident insurance, the district does offer student accident insurance. **This insurance covers all interscholastic sports except varsity football.**

1. **Registration Fees** - Athletes are required to pay a yearly registration fee approved by the board at the beginning of their first sport season of the academic year. All checks should be made payable to JSASD Athletics.
  - a. **Late Registration** – The Athletic department affirms the need for pre-season mental and physical preparation. If a student registers for a sport after the initial starting date he/she is not eligible to participate in scheduled interscholastic competition until practice time has matched the missed number of days/weeks.
  - b. The deadline for joining a team will be the first athletic event of the season for the sport the student athlete is participating in. The exception is for a transfer student coming into the school district.
2. **Paperwork** – All paperwork, registration fees, insurance information and physical must be turned into the athletic office before the student can participate in practice or tryout.
3. **Squad Limits and Selections** – Many sports teams have no squad limits; therefore, all students who meet eligibility requirements and participate in tryout activities/practices become a part of the team. However, the nature of certain sports limits the number of team members who can be effectively

# Co-Curricular and Extra-Curricular Handbook (*APPENDIX A*)

---

managed by the coaching staff and/or facilities. Coaches, as the designated professionals in charge of these sports will make student-athletes aware of the criteria for selection. The coaches will maintain records of try-out evaluations, and will provide sufficient opportunity to fairly evaluate and rank student athletes.

- Students not selected for a squad may be permitted to try-out for another sport during the same season, provided the selection process for that team has not been completed and the head coach is agreeable to the tryout. The student athlete must obtain approval from the coach no later than two days after receiving notification that he/she was not selected for the first sport he/she attempted to join.
  - Any player quitting a team must get the approval of the original coach before joining a second team. All obligations such as returning uniforms and equipment must also be completed prior to joining another team.
  - Any player dismissed from a squad must get the written permission, of the original coach, athletic director and principal prior to participating with another team.
  - The athletic director along with the building principal will mediate all problems when an athlete changes teams. The building principal, will have the final decision.
4. **Sports and Band** – It is the position of the athletic department to support the marching band. Thus, students may be permitted to participate in band/band practice activities daily until 4:30 PM and then report to the specific athletic practice. If the athletic team is required to leave the school early for an event, the band student will be excused from band activities. These arrangements are to be coordinated between coaches and the band director.
5. **Multi-sport Participation** – It is the position of the district that a student-athlete who maintains academic eligibility may participate in more than one sport within the same season. Students are encouraged to participate on as many different sports teams as they can during their school careers. However, for a student to participate on more than one team per season is extraordinarily difficult and most often not in the best interest of the student or the teams. Exceptions to this policy require approval from the athletic director. The best interest of the athlete as a productive student and citizen come first, however, if agreement is reached between the parent, the athletic director and the

principal, the athlete may participate in two sports under the following conditions.

- a. A **mandatory** meeting must occur between the student, the parent and the athletic directors to the student’s ability to participate in both sports.
  - b. The student must declare a primary sport and a secondary sport.
  - c. The two head coaches, the student, the parent, and the athletic director must meet to determine a practice and game schedule during the pre-season.
  - d. The agreed upon practice/event schedule takes precedence over schedule changes and/or conflicts throughout the season.
  - e. Unresolved differences in practice schedules between coaches will be considered and ruled upon by the athletic director/principal with the decision being final.
  - f. **No appeals will be honored at the board level.**
6. **“Playing Up”** –There may be circumstances in which the skill levels of a student enrolled at a particular grade level of a sport and the nature of the team/sport/competition warrant the student participating on a team if offered for students of a higher grade. When an initiative to do so is made, PIAA Bylaws must be followed; coaches, parents, the student and administrators must be in agreement that this move is in the best interest of the student. The option is never available to students below the entry level at which a particular sport is offered.

## Risks of Athletic Participation

In spite of protective equipment, supervision, and sound instruction by coaches, there are some **risks** associated with participation in athletics. Injuries can and do occur. In extremely rare cases, death could result. All athletes and parents need to be aware and understand these possibilities. We will do what we can to ensure a safe and healthy environment. Each coach should supply the student athlete with a cautionary statement for their sport.

## Understanding Risk of Concussion and Traumatic Brain Injury

### What is a concussion?

A concussion is a brain injury that:

- Is caused by a bump, blow, or jolt to the head or body.
- Can change the way a student’s brain normally works.

# Co-Curricular and Extra-Curricular Handbook (*APPENDIX A*)

---

- Can occur during practices and/or contests in any sport.
- Can happen even if a student has not lost consciousness.
- Can be serious even if a student has just been ‘dinged’ or “had their bell rung.”

All concussions are serious. A concussion can affect a student’s ability to do schoolwork and other activities (such as playing video games, working on a computer, studying, driving, or exercising). Most students with a concussion get better, but it is important to give the concussed student’s brain time to heal. All athletes will be given an impact concussion test to establish a baseline in the event of a concussion. The impact test is administered in middle school and at the high school.

## What are the symptoms of a concussion?

Concussions cannot be seen; however, in a potentially concussed student, one or more of the symptoms listed below may become apparent and/or that the student “doesn’t feel right” soon after, a few days after, or even weeks after the injury. Symptoms may be:

- Headache or “pressure” in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light or noise
- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion

## What should student do if they believe that they or someone else may have a concussion?

- Students feeling any of the symptoms set forth above should immediately tell the certified athletic trainer, their coach and their parents. Also, if they notice any teammate evidencing such symptoms, they should immediately tell their coach.
- The student should be evaluated first by the certified athletic trainer. A licensed physician of medicine or osteopathic medicine (MD or DO), sufficiently familiar with current concussion management, should examine the student, determine whether the student has a concussion, and determine when the student is cleared to return to participate in interscholastic athletics.

## Only the physician can clear a student for returning to the sport.

- Concussed students should give themselves time to get better. If a student has sustained a concussion, the student’s brain needs time to heal. While a concussed student’s brain is still healing, that student is much more likely to have another concussion. Repeated concussions can increase the time it takes for an already concussed student to recover and may cause more damage to that student’s brain. Such damage can have long term consequences. It is important that a concussed student rest and not return to play until the student receives permission from the MD or DO, sufficiently familiar with current concussion management, that the student is symptom-free.

## How can students prevent a concussion?

Every sport is different, but there are steps students can take to protect themselves.

- Use the proper sports equipment, including personal protective equipment. For equipment to properly protect a student, it must be: the right equipment for the sport, position, or activity; worn correctly and the correct size and fit; and used every time the student practices and or competes.
- Follow the coach’s rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.

If a student believes they have a **concussion**: Don’t hide it. Report it. Take time to recover.

## Return-to-Play Protocol

Athlete must be symptom free for 24 hours and have passed neurological testing to begin the return to play progression. (This means the athlete is within normal limits as compared to their baseline test. If baseline tests data is not available, data will be compared to normal values for age and gender.)

Athlete may progress to the next step after 24 hours if they remain symptom free. If any symptoms return, the athlete must return to the previous step after being symptom free for 24 hours.

**Step 1:** Light aerobic exercise (sub maximal heart rate) no resistive training

**Step 2:** Sport specific conditioning

**Step 3:** Non-contact drills in practice

# Co-Curricular and Extra-Curricular Handbook (*APPENDIX A*)

---

**Step 4:** Full contact drills in practice

**Step 5:** Game Play

This protocol complies with PIAA/NFHS rules for return to play following a concussion.

## Understanding of Sudden Cardiac Arrest Symptoms and Warning Signs

### What is sudden cardiac arrest?

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens blood stops flowing to the brain and other vital organs. SCA is NOT a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the heart to suddenly stop beating.

### Are there warning signs?

Although SCA happens unexpectedly, some people may have signs or symptoms, such as:

- Dizziness
- Fatigue (extreme tiredness)
- Lightheadedness
- Shortness of breath
- Difficulty breathing
- Racing or fluttering heartbeat (palpitations)
- Syncope (fainting)
- Weakness
- Nausea
- Vomiting
- Chest pains

These symptoms can be unclear and confusing in athletes. Often, people confuse these warning signs with physical exhaustion. SCA can be prevented if the underlying causes can be diagnosed and treated.

### What are the risks of practicing or playing after experiencing these symptoms?

There are risks associated with continuing to practice or play after experiencing these symptoms. When the heart stops, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who have SCA die from it.

### Removal from play/return to play

- Any student-athlete who has signs or symptoms of SCA must be removed from play. The symptoms can happen before, during, or after activity. Play includes all athletic activity.
- Before returning to play, the athlete must be evaluated. Clearance to return to play must be in writing. The evaluation must be performed by a licensed physician, certified registered nurse practitioner, or cardiologist (heart doctor). The licensed physician or certified registered nurse practitioner may consult any other licensed or certified medical professional.

### Athletic Trainer

The district is most concerned for the health and safety of its student athletes. It is our belief that proper care of injuries is critical to the students in the athletics program. A certified athletic trainer is provided by the school district to furnish care and rehabilitation of athletic injuries. However, given the size of the athletics program, it may be impossible for the athletic trainer to be at every scheduled event. The athletic office will make every effort to see that each sport receives attention based on the available personnel. Sports judged to be high injury-risk sports will receive primary coverage by the athletic trainer. In the event a certified trainer is not present, the coach in charge of the activity will assume responsibility. The role of the certified athletic trainer is:

- Prevention of injuries
- Assess and evaluate injuries
- Rehabilitation of injury
- Apply therapeutic modality
- Educate the student athletes on proper nutrition
- Educate the student athletes on health care and wellness for life

### Awards and Letters

The High School athletic programs will award Athletic letters, with pins to designate each sport, and bars to designate multi-year earnings. Individual head coaches will determine the criteria for earning a letter; inform the student/athlete and athletic director in writing of the criteria for his/her sport prior to the first game/match of the season.

# Co-Curricular and Extra-Curricular Handbook (*APPENDIX A*)

---

## School-issued Equipment

The equipment issued for practice and competition should be cared for properly. Loss of equipment or failure to return equipment at the end of the season will result in charges to the student athlete for equipment replacement. Any awards due to the students will be withheld. All athletes are required to return all equipment, uniforms, and pay all debts incurred for one sport season before they may begin participating in another season.

The following are guidelines for issued equipment:

- Each student athlete and parent has signed a form stating that the student athlete will be responsible for and will return all equipment at the conclusion of the season.
- Each student athlete will be responsible for checking his/her own equipment out and returning it to the athletic office him/herself, unless other arrangements with the coach have been made.
- Each athlete will fill out an issuance card, on which all equipment he/she has signed out will be recorded.
- At the conclusion of the season, the student must return all equipment within (2) two-weeks to the athletic office unless other arrangements have been made.
- Upon turning in their equipment students will have all equipment checked off their card, as it is turned in. There will be no dropping off of equipment and leaving before it is checked in.
- Any student not turning in their equipment within that (2) two-week period will have a letter sent home to his/her parents and they will be billed for replacement of equipment. Principals will also be made aware of equipment not returned, so that they may help in the process of retrieval of equipment.
- All students may turn in their equipment Monday through Friday between 10:00 AM and 4:00 PM unless other arrangements have been made.
- If equipment is not turned in prior to the start of the next season, students are not allowed to practice or tryout for another sport.

## Transportation to Activities

The athletic department in conjunction with the transportation director will make arrangements for all Jersey Shore Area High School and Middle School athletic travel. Travel routes, time allocations and any other such necessary arrangements will be approved by the athletic director in consultation with the head coaches and bus contractors. Charter buses will not be used for senior high or middle school sports unless the difference between the school bus and charter is paid by the booster club. Districts and Inter-state playoffs will be given consideration for charter buses. Cheerleaders attending varsity, junior varsity or middle school events will be provided space on the team or band bus; however, they will be seated as a group with their coach.

### Travel Rules

1. The student athletes must travel on the bus or van with the team or cheerleading squad. Any exceptions must be in writing and approved by the principal.
2. The bus leaves on time. If the student athlete is not there he/she will not travel or play.
3. Student athletes must follow the team dress code established by the coaches for the sport.
4. Seating preference set by the coaches.
5. All team members remain together while at the opponent's school.
6. Only team players on the eligibility list, student managers, approved coaches, and approved support staff may ride the team bus.
7. Transportation should be ready and students should be leaving the building approximately **30 minutes after the conclusion** of a contest, practice session or returning from an away event.
8. **Student athletes are expected to be where the coach has directed them to be while under his/her supervision. This means the athletes may not leave the field or gym for any reason unless approved by the coach.**

### Practice Sessions and Games

Practice sessions are normally closed to spectators. These sessions are the equivalent of a teacher's classroom and there is real, quality instruction taking place. Interruptions and interference to an athlete's concentration and focus in practice cannot

---

be allowed any more than a disruption would be tolerated in the academic setting. Education in any setting cannot be compromised. Spectators at games, however, are very much encouraged. Positive nurturing support of teams and athletes is very helpful to the performance in athletic contests.

## Practice sessions:

- May start and end at different times due to schedules of the coach or of our facilities use. Check with coach for specific practice times.
- Will not be held when school is dismissed early or canceled due to inclement weather unless approved by the Superintendent or his designee.
- May be held on Saturdays, and holiday breaks, but not on Sundays without permission from principal, athletic director and superintendent and then only as a last resort.

## Code of CONDUCT

Students participating in extracurricular activities will be subject to the following rules listed below **24 hours a day, 7 days a week, and 365 days a year.**

The penalties imposed against a student for violating any of these rules will be **assessed immediately**, whether or not they are currently participating in their sport or activity.

## Scope of Code of Conduct

The Code of Conduct applies to all students enrolled in grades 7 through 12, who are participating in extracurricular activities. The terms of this policy apply throughout the year to conduct occurring **on or off school property**. This Code of Conduct shall not prevent coaches from developing and enforcing other reasonable rules and training regulations, which are specific to their extracurricular activity.

Extracurricular participants are often in the public eye, and, hence their personal conduct is to be above reproach. They have an obligation to project at all times a positive image of themselves and the Jersey Shore Area School District community they represent. Failure to do so can lead to immediate

dismissal from extracurricular activities. **A coach has the authority to levy additional consequences within his/her own program.**

## Rules of Decorum

### A. Practice Rules

- a. Be alert, ready to participate.
- b. An athlete needs to consistently attend practices. This also includes Saturdays, and holidays.
- c. Players should participate in the mandatory pre-season practices prior to playing (meaning participants must practice 1-3 weeks prior to competing refer to "Coach's rules").

- g. Each player must make an effort to appear enthusiastic. Do not express negatives on the field or court at any time.
- h. Only students on the PIAA certificate of eligibility are to practice with the team. The principal must sign the "Student-Athlete and Cheerlead Contract" before the student athlete can practice, participate in a scrimmage or game, and cheer.
- i. If injured, an athlete must report all injuries to the coach and follow up with the athlete trainer.
- j. The students are expected to accept and understand the seriousness of responsibility, and the privilege of representing the school and the community.
- k. The students are expected to learn the rules of the game thoroughly and discuss them with parents, fans, fellow students and this will give a better understanding and appreciation of the sport.

### B. Game Rules and Sportsmanship Student Athletes are to:

- a. Treat the opposing team and cheerleaders with respect
- b. Promote good sportsmanship both as a player, cheerleader, or a fan in the stands at events

# Co-Curricular and Extra-Curricular Handbook (*APPENDIX A*)

## Coach/Athlete/Parent Relationship

An effective working relationship among the “athletic triangle” of coach, athlete and parent/guardian benefits the quality of each person’s experience and contributes significantly to the success of the entire team. Establishing this relationship requires that each of the individuals understand his/her role in the process and communicates openly and honestly with the other persons.

The player-coach relationship is perhaps the most critical relationship in athletics. A parent/guardian can have a pronounced effect on this very important and delicate relationship. The student may not agree with all the decisions of a coach (i.e. play calling, playing time, etc.); how and when to express these

feelings can have a decided effect upon respect of the coach, and on performance as a member of a team. A negative opinion expressed to your child will usually have a negative result in practice or at a competition. Parents/guardians and students should remain positive and set up an appointment to discuss concerns.

Receiving technical or strategic instruction at home, in almost all cases, interferes and conflicts with the instructional process at practice sessions and games. This may ultimately impede the student athlete’s progress and affect their playing time or whether they win a starting position.

It is understood that with access to information on any sport on the internet, through televised games, proliferation of satellite TV/Radio and sports shows, many adults feel that they understand or perhaps know more than many coaches. Everyone becomes an expert. While this new found expertise may heighten appreciation of the sport, the parent/guardian, is not the coach. An athlete can have only one coach at a time. Allowing the coach to instruct and guide the team is crucial.

To open the communication channels, the coaching staff is responsible for staging a pre-season orientation meeting at which time they will cover topics such as the following:

- Introduction to include giving a brief description of the background experiences of the coaching staff and program support.
- General plans for the upcoming season.
- PIAA, District, school, department, and team philosophies, procedures, rules and expectation as covered in the handouts.
- Locations and times of practices and competitions.
- Helpful tips on how parent/guardians can best support their child during the season.
- How best to reach the coach (by phone or email) and confirmation of how best to reach each parent/guardian.

Athletes and their parents are responsible for asking questions to clarify their understandings of any topics discussed at a meeting or published in any other printed material. Athletes and parents are also responsible for confirming mailing addresses, phone numbers, email addresses and must inform coaches

# Co-Curricular and Extra-Curricular Handbook (*APPENDIX A*)

---

of any anticipated conflicts in the proposed practice/competition schedule.

With this foundation in place, it is anticipated that communication between any of the parties can easily and respectfully be conducted throughout the season. However, the most critical time for the working relationship to be employed is when a concern or conflict arises about an expectation or comprehension of a policy/procedure. Topics **that are accepted as appropriate for discussion are:**

- The athlete's academic performance
- The athlete's behavior in school, with the team or in the general public as it pertains to the team's reputation
- The athlete's role on the team
- The application of PIAA, District, department and team philosophies, procedures, rules and expectations for athletes
- Suggestions to improve an athlete's skill acquisition, knowledge and attitudes relevant to the sport
- Information about recruiting and recommendations about an athlete's suitability for play at collegiate levels
- Management of injuries incurred by the athlete

However, there are also topics, which **are NOT appropriate for discussion.** These include certain prerogatives for which the coach alone has jurisdiction with the bounds of school district philosophies, regulations and policies.

- Selection, placement and determination of playing time
- Other player's roles on the team
- Establishment and enforcement for all guidelines and training rules related to the activity
- Appointment of practice times, dates and procedures
- Preparation and execution of all travel arrangements for the team
- Creation and implementation of competition strategies
- Management/determination of all awards

In a time of question or conflict concerning an appropriate topic, the following procedures are to be followed in the attempt to resolve a problem:

- Avoid telephone and email discussion if possible. Speak face-to-face with the other individual(s) so

that the most complete communication takes place.

- The first level of contact should always be between the athlete and coach; however, this contact should be made at a time other than during practice or competition. Speaking privately in the coach's office or in a place away from other team members is preferred.
- If the problem is not resolved at this primary-level meeting, a conference, which includes the coach, athlete, and parent/guardian, is in order.
  - Never approach a coach immediately following a contest. At this time coaches have other responsibilities. This time is usually very emotional.
  - Do not approach a coach during or after practice and expect to meet. At this time coaches have responsibility to the student athletes.
  - Call the following day and **make an appointment** that is convenient for both you and the coach.
  - Raise your concern in a calm and civil manner. Yelling or being rude or using inappropriate language does not lead to a solution and will end the meeting.
  - Once the question or concern is stated, **listen** to the explanation. Be prepared to hear a different unbiased opinion of the athlete's performance and skills.
- If a resolution still is not gained after this conference, contact the athletic director for his/her input as to how to proceed. He/she will give due process and consideration to all of the involved parties while attempting to bring the matter to a reasonable conclusion.

\*\*\*\*\*

## Disciplinary Actions

It is a privilege to play in sports or cheerleading.

- Violations of the "**GENERAL RULES**" are very serious and will result in the most severe discipline. We will follow Policy 222 (Tobacco Use), Policy 227 (Drugs/Alcohol) and Policy 247 (Hazing) as approved by the Jersey Shore Area School Board. Violation of Policy 222, 227 or 247 could result in removal from all extracurricular activities and/or may result in a student's outright dismissal from the team.

# Co-Curricular and Extra-Curricular Handbook (*APPENDIX A*)

---

- Violations of the “ACADEMIC RULES” are interpreted and enforced for the most part by the building principal and by standards set by the PIAA.
- Violations of the “RULES OF DECORUM” although important are much more general and enforcement must be more subjective in nature. The building principal, athletic director or coach will, for the most part, be the people to enforce these rules.
- Any athlete who is ejected from a game for unsportsmanlike conduct or flagrant foul will not be allowed to participate in the next game (PIAA rule). Depending on the seriousness of the event and if this kind of ejection has happened before, removal from the team is a possibility.
- Any player who is ejected or disqualified from an event for unsportsmanlike conduct or a flagrant foul will not be permitted to attend the next contest. That includes, riding the bus, sitting on the bench, in the stands, or anywhere on the contest site.
- Any athlete on the team who physically assaults an official, player, coach, or fan will be dismissed from the team. This may also affect the athlete’s participation in another sport for that school year.
- Once a player has been disqualified from an event or dismissed from the team for any of the above reasons, if an appeal isn’t filed within the allotted time after an ejection, no appeal will be heard, and suspension or dismissal will be carried out.

## Sequence of Disciplinary Measures for Rules of Decorum

Depending on the severity of the rules violation as perceived by the building principal, athletic director or coach the following actions will be taken:

- Talk with the student involved in the infraction.
- Extra conditioning or practice may be required.
- Loss of playing or participation time.
- Suspension from the team for a period of time.
- Dismissal from the team or activity.

The above measures are not set to be considered a sequence of actions but will be applied to each individual situation on a case-by-case basis. Players and parents may seek an explanation of any of these measures provided that arrangements are made prior to meeting with the coach. These matters will not be discussed in public or in the presence of other players or parents during scheduled practice times or games.

**\*\*Note that in the Jersey Shore Area School District Athletic Department we strive to maintain a level of sportsmanship that is unmatched in the area. If an athlete is ejected from an athletic contest for unsportsmanlike conduct by a PIAA official on 2 occasions in 1 season they will be dismissed from the team. Also any athlete ejected for unsportsmanlike conduct will not only sit-out a game for the PIAA but may sit-out a game for Jersey Shore. A protest for an ejection may be filed with the athletic director (in writing with coach’s signature) in the event that an official made a mistake, overreacted and/or ejected the wrong student. Athletes should make that protest no later than 2 days after the ejection. It will not change the PIAA sanctions of sitting out the next contest but may erase an ejection from the athlete’s record at the school. **The ejected athlete is to write a letter of apology to the officials and possibly the opposing school before participating in the next game.** Students appealing a second ejection will be reinstated to practice until their appeal is heard. They may not participate in athletic contests or travel to games unless a positive ruling is given on their appeal.**

# Co-Curricular and Extra-Curricular Handbook (APPENDIX A)

## Additional Discipline

1. Students suspended or expelled from school for any infraction of the Student Behavior Code may not attend or participate in extracurricular activities for the duration of the suspension or expulsion.
2. The privilege of a student to participate in extracurricular activities may be revoked by the school administration for flagrant or frequent violation of the Student Behavior Code and/or the Code of Conduct.
3. Completion of the season, including post-season, playoffs, tournaments, exhibitions and events is required in order for a student to be eligible for the awarding of a varsity letter or other team and individual awards. The obvious exception to this policy is when injury or illness limits participation. In such a case, the awarding of a varsity letter or other honors will be at the discretion of the coach.
4. Should a student violate the Athletic Code of Conduct at the end of the school year, a meeting between the student, parents, coaches, athletic director and administration will occur to determine a course of action for the student to participate in activities during the summer. The student will need to make up the hours necessary to participate.
5. For student athletes, Pennsylvania Interscholastic Athletic Association (PIAA) regulations will be followed in all cases of transfer, physical examination, insurance coverage, starting dates, use of school equipment, etc.

\*\*\*\*\*

**School or school related** activities will follow the administrative guidelines for Policy 227 in addition to the guidelines listed below.

**Off-campus** activities rules violation, the student will be disciplined if he/she is arrested or receives a citation.

**Outside of school  
arrests or citations  
will result in  
disciplinary action.**

## Controlled Substances/Paraphernalia (Policy #227)

**Pennsylvania** law prohibits individuals less than 21 years from possessing or consuming alcoholic beverages. The Pennsylvania Controlled Substance, Device and Cosmetics Act likewise prohibit all individuals from possessing, using or distributing illegal drugs and drug paraphernalia. Therefore, the School District adopts the following policy regarding drugs and alcohol by students:

All students participating in extracurricular activities are prohibited from engaging in:

- The possession, use or distribution of alcohol, illegal drugs, look-alike drugs, mood altering substances or related paraphernalia;
- The possession, use or distribution of a prescriptive drug in a manner inconsistent with the directives of the prescribing physician; and
- Being present at any gathering where the students knows, or reasonably should know, that other underage individuals are in possession of, using or distributing alcohol, illegal drugs, look-alike drugs, mood altering substances or related paraphernalia (**NOTE:** It is the expectation that a student should immediately exit the area or premises where these behaviors or products are evident immediately).

This policy does not prohibit lawful use of prescription or over-the-counter medications for their intended purpose and in recommended dosages. **The applicability or the policy is not limited to school hours, school property, or the school year.** The philosophy of this policy involves two (2) major elements: (1) to vigorously address drug/alcohol use; and (2) to build an educational and/or rehabilitative component into the disciplinary process.

This policy shall also apply to student conduct that occurs **off school property** and would otherwise violate the Code of Student Conduct if any of the following circumstances exist:

1. The conduct occurs during the time the student is traveling to and from school or traveling to and from school-sponsored activities, whether or not via school district furnished transportation.
2. The student is a member of an extracurricular activity and has been notified that particular off-campus conduct could result in exclusion from such activities.

## Co-Curricular and Extra-Curricular Handbook (*APPENDIX A*)

---

3. Student expression or conduct materially and substantially disrupts the operations of the school, or the administration reasonably anticipates that the expression or conduct is likely to materially and substantially disrupt the operations of the school.
4. The conduct has a direct nexus to attendance at school or a school-sponsored activity, for example, a transaction conducted outside of school pursuant to an agreement made in school, that would violate the Code of Student Conduct if conducted in school.
5. The conduct involves the theft or vandalism of school property.
6. There is otherwise a nexus between the proximity or timing of the conduct in relation to the student's attendance at school or school-sponsored activities.
7. The use or possession of controlled substances/paraphernalia results in the issuance of a citation or an arrest.

Whenever a student violates the Controlled Substance/Paraphernalia Policy, the student's parent/guardian will be promptly notified of the incident by the administration and coach or other school authority they will decide whether to obtain medical treatment for the student or to temporarily isolate the student.

Students will be subject to the following penalties for violations of this policy:

1. **First Offense** - A student will be put on probation for a period of 365 days. The student will not be able to participate in 25% (rounding down) of the scheduled PIAA competitive events for each season a student participates in a sport during the probationary period. A mandatory Student Assistance Program (SAP) referral will identify the student for assessment and intervention. The SAP team will refer the student to a professionally trained counselor to assess substance abuse problems and to make a recommendation for treatment. The student must follow the recommendation of the counselor.
2. **Second Offense** - A student will be put on probation for a period of 365 days. The student will not be able to participate in 50% (rounding down) of the scheduled PIAA competitive events for each season a student participates in a sport during the probationary period. A mandatory Student Assistance Program (SAP) referral will identify the student for assessment and intervention. The SAP team will refer the student to a professionally

trained counselor to assess substance abuse problems and to make a recommendation for treatment. The student must follow the recommendation of the counselor.

3. **Third Offense** – A third offense will result in suspension from all extracurricular activities for the remainder of the student's scholastic career.

**Voluntary Admission** – Any student who voluntarily admits to a violation of the policy, prior to a possible known infraction, and who is not under the immediate influence of a chemical substance will not be suspended, but rather will be referred immediately to the SAP team for assessment and recommendation for services. The student will temporarily not participate in any school sponsored extracurricular activity until the SAP team can make a recommendation. The student will be reinstated as a participant when the evaluation is complete with a recommendation for reinstatement and the principal determines the student may now participate. For continued eligibility, the students must complete the recommended program and have no further incidents.

### **Anabolic Steroids (Policy #227)**

The Board prohibits the use of anabolic steroids by students involved in school-related athletics, except for a valid medical purpose. Body building and muscle enhancement of athletic ability are not valid medical purposes. Human Growth Hormone (HGH) shall not be included as an anabolic steroid.

Students shall be made aware of the dangers of steroid use; that anabolic steroids are classified as controlled substances; and that their use, unauthorized possession, purchase, or sale could subject students to suspension, expulsion and/or criminal prosecution.

The following minimum penalties are prescribed for any student athlete found in violation of the prohibited use of anabolic steroids:

1. **First Offense** - suspension from school athletics for the remainder of the season.
2. **Second Offense** - suspension from school athletics for the remainder of the season and for the following season.
3. **Third Offense** - permanent suspension from school athletics.

No student shall be eligible to resume participation in school athletics unless a medical determination has been submitted, verifying that no residual evidence of steroids exists.

## Annual Public Notice of Special Education Services and Programs, Services for Gifted Students, and Services for Protected Handicapped Students

(Revised August 2018)

---

### Notice to Parents

According to state and federal special education regulations, annual public notice to parents of children who reside within a school district is required regarding child find responsibilities. School districts (SDs), intermediate units (IUs), and charter schools (CSs) are required to conduct child find activities for children who may be eligible for services via Section 504 of the Rehabilitation Act of 1973. For additional information related to Section 504/Chapter 15 services, the parent may refer to Section 504, Chapter 15, and the Basic Education Circular entitled implementation of Chapter 15. Also, school districts are required to conduct child find activities for children who may be eligible for gifted services via 22 Pa Code Chapter 16. For additional information regarding gifted services, the parent may refer to 22 PA Code Chapter 16. If a student is both gifted and eligible for Special Education, the procedure in IDEA and Chapter 14 shall take precedence.

This notice shall inform parents throughout the school district, intermediate unit, and charter school of the child find identification activities and of the procedures followed to ensure confidentiality of information pertaining to students with disabilities or eligible young children. In addition to this public notice, each school district, intermediate unit, and charter school shall publish written information in the handbook and on the website. Children ages three through twenty-one can be eligible for special education programs and services. If parents believe that the child may be eligible for special education, the parent should contact the appropriate staff member identified at the end of this public notice.

Children age three through the age of admission to first grade are also eligible if they have developmental delays and, as a result, need Special Education and related services. Developmental delay is defined as a child who is less than the age of beginners and at least three years of age and is considered to have a developmental delay when one of the following exists:

(i) The child's score, on a developmental assessment device, on an assessment instrument which yields a score in months, indicates that the child is delayed by 25% of the child's chronological age in one or more developmental areas. (ii) The child is delayed in one or more of the developmental areas, as documented by test performance of 1.5 standard deviations below the mean on standardized tests. Developmental areas include cognitive, communicative, physical, social/emotional, and self-help. For additional information you may contact Ms. Angela Sees, Supervisor of Early Intervention Programs, BLaST IU #17.

### Evaluation Process

Each school district, intermediate unit, and charter school has a procedure in place by which parents can request an evaluation. For information about procedures applicable to your child, contact the school, which your child attends. Telephone numbers and addresses can be found at the end of this notice. Parents of preschool age children, age three through five, may request an evaluation in writing by addressing a letter to Ms. Angela Sees, Supervisor of Early Intervention Programs, BLaST IU #17.

### Consent

School entities cannot proceed with an evaluation, or with the initial provision of special education and related services, without the written consent of the parents. For additional information related to consent, please refer to the Procedural Safeguards Notice which can be found at the PaTTAN website, [www.pattan.net](http://www.pattan.net). Once written parental consent is obtained, the district will proceed with the evaluation process. If the parent disagrees with the evaluation, the parent can request an independent education evaluation at public expense.

### Program Development

Once the evaluation process is completed, a team of qualified professionals and parents determine whether

## APPENDIX B

---

the child is eligible. If the child is eligible, the individualized education program team meets, develops the program, and determines the educational placement. Once the IEP team develops the program and determines the educational placement, school district staff, intermediate unit staff, or charter school staff will issue a notice of recommended educational placement/prior written notice. Your written consent is required before initial services can be provided. The parent has the right to revoke consent after initial placement.

### **Confidentiality of Information**

The SDs, IUs, and CSs maintain records concerning all children enrolled in the school, including students with disabilities. All records are maintained in the strictest confidentiality. Your consent, or consent of an eligible child who has reached the age of majority under State law, must be obtained before personally identifiable information is released, except as permitted under the Family Education Rights and Privacy Act (FERPA). The age of majority in Pennsylvania is 21. Each participating agency must protect the confidentiality of personally identifiable information at collection, storage, disclosure, and destruction stages. One official at each participating agency must assume responsibility for ensuring the confidentiality of any personally identifiable information. Each participating agency must maintain, for public inspection, a current listing of the names and positions of those employees within the agency who have access to personally identifiable information.

In accordance with 34 CFR § 300.624, please be advised of the following retention/destruction schedule for the Pennsylvania Alternate System of Assessment (PASA), Pennsylvania System of School Assessment (PSSA), and Keystone Exam related materials:

- PSSA, Keystone Exam, and PASA test booklets will be destroyed one year after student reports are delivered for the administration associated with the test booklets.
- PSSA and Keystone Exam answer booklets and PASA media recordings will be destroyed three years after completion of the assessment.

For additional information related to student records, the parent can refer to the Family Education Rights and Privacy Act (FERPA).

This notice is only a summary of the Special Education services, evaluation and screening activities, and rights and protections pertaining to children with disabilities, children thought to be disabled, and their parents. For more information or to request evaluation or screening of a public or private school child, contact the school or district where your child attends. Additionally, one may contact the school representative listed below:
