

JERSEY SHORE AREA SCHOOL DISTRICT

LEARNING | GROWING | SUCCEEDING

Remote Learning Procedures

Closing schools in a Pandemic is not something that we take lightly. Our teachers and staff see your children each day and they are a part of our lives. We are working hard to make sure that their learning continues, and they are successful, even when we do not have them physically in the building. Please read through the frequently asked questions and remote learning process below as we return to remote learning.

Other than my child's device, what other technology will my child need? printer? scanner? stylus? headphones?

These items are not necessary. Your student is able to do their work on their district device and provided materials.

What do I do if the technology fails?

If you cannot send a message, please contact our tech office by calling (570) 398-5251.

What school supplies will my child need at home?

Students should not need any school supplies other than their device and district provided materials.

As working parents, what are your expectations of us?

Do the best you can. We are here to help you. Provide a place for your child to do his or her schoolwork.

What learning tool is my child using?

Assignments will be posted daily in Schoology for Grades 6-12 and files will be posted in the Class Team site for grades K-5.

Class DoJo, Remind, ClassTag, SeeSaw and student email (grades 4-12) will be used as communication tools.

Class meetings will occur using Microsoft Teams.

Where do I find assignments and due dates?

Assignments will be posted in the Schoology and Teams. All assignments will have due dates listed clearly.

The teacher will review assignments in the class meeting, including due dates.

How does my child turn in work?

Work will be collected through the Schoology and Teams. Teachers will confirm work is submitted.

Who do I contact if we are having academic struggle with assignments and how?

Please contact your child's teacher. Staff have assigned office hours. Please see the schedule below for those office hours.

Can my child redo an assignment he/she did not do well on?

Teachers will be checking for understanding when concepts are taught. If a student does not demonstrate understanding of essential content, concepts will be retaught and checked for understanding.

Do we still follow a 6-day cycle?

No. Please see the Monday-Friday schedule provided by your child's teacher.

What if I do not have internet?

Please contact your building principal. The district will work to find a convenient access point for you and your student. In addition, district paraprofessionals will be staffing phones to support students that have no access; but can call a building office by phone. These staff members will be available each day when the building is open and can help over the phone.

What if my child has an IEP, GIEP or ELL Plan?

We are committed to providing all students with an appropriate education as we work together through the challenge of teaching in a virtual environment.

What if my child gets Reading Support or Speech services?

Your child's Reading or Speech teacher will schedule remote sessions with your child.

Teachers Planning Period: This time frame will be used by faculty and staff for preparation and collaboration for the day.

Office Hours: This time is available for additional support and instructional assistance for students, parent communication, assessments, and other instructional related activities. Students and Families will be able to schedule appointments and get additional support from teachers during their schedule office hours. In addition, teachers will schedule small group/individual interventions for students who need during these times.

Student Support: This period of time is designed for student-teacher outreach for clarification, support, questions, communication, etc. on a daily basis.

Special/Extended Academic Schedule

The class listed will occur on the day of the week listed below at the time on the student schedule above
