

# JERSEY SHORE AREA SCHOOL DISTRICT

LEARNING | GROWING | SUCCEEDING

JSAMS Families,

We would like to introduce you to a new after school opportunity at the Middle School. Starting this Tuesday, October 4, we will begin to offer our Bulldog Academy from 3:30 to 4:30. The Bulldog Academy Sessions are currently scheduled to occur every Tuesday and Wednesday after school.

During this time students will have the opportunity to work with some of our staff on completing school work, remediating skills, and getting additional assistance preparing for upcoming assignments. This opportunity would be open to any student that is interested and families would have the opportunity to pick students up at the front of the middle school or have their students utilize the modified bus routes.

Students that would like to utilize bussing from this program would have three busses to choose from based on where they live. We will use Bus #1-3 not the actual numbers on the buses. These bus numbers will be brightly colored, to make it easy for students to identify the bus. What follows is a list of busses and their approximate drop off times, understanding that this may vary by a few minutes based on attendance. This may get adjusted over time as we see how many students begin to utilize the program.
