Flexible Instructional Days (FIDs)

With the passage of Act 64 of 2019, section 1506 was added to the Pennsylvania Public School Code ("School Code"), 24 P.S. § 15-1506, enabling public school entities the opportunity to develop a FID program to meet the 180 instructional day requirement of section 1501 of the Pennsylvania Public School Code, 24 P.S. § 15-1501. The FID program may be online, offline, or a combination of the two.

While public school entities are expected to build make-up days into their local school calendars, FID programs can support the public school entities in cases when circumstances prevent the delivery of instruction in its customary manner or location for any of the following reasons: an epidemic, a hazardous weather condition, a law enforcement emergency, the inoperability of school buses or other equipment necessary to the public school entity's operation, damage to a school building, or a temporary circumstance rendering any portion of a school building unfit or unsafe for use.
