LEARNING | GROWING | SUCCEEDING

Welcome to the 2023-2024 school year. The staff at JSASD is excited to welcome you back!

At the heart of our educational journey lies the belief that academics are the most crucial aspect of a student's growth and development. In the Jersey Shore Area School District, we understand that each student is unique, with their talents, interests, and aspirations. Our dedicated team of educators is committed to nurturing and cultivating the potential of every individual, ensuring that they have access to an engaging learning environment.

Our focus on academics is not just about achieving high grades; it goes beyond that. It is about creating a love for learning. We encourage students to question, explore, and seek solutions to real-world challenges, empowering them to become lifelong learners and active contributors to society.

To support our academic mission, we provide a comprehensive and diverse range of educational opportunities. As we prioritize academics, we also recognize the importance of a well-rounded education that encompasses social-emotional development, physical well-being, and character building. We foster an inclusive and supportive community where respect, empathy, and kindness are integral to our daily interactions.

This Student Handbook serves as a valuable resource, outlining our district's policies, procedures, and guidelines to ensure a safe, conducive, and enriching learning environment for all. I encourage every student, parent, and staff member to familiarize themselves with its contents and actively participate in our collective commitment to academic excellence.

Wishing you all a successful and fulfilling academic year!

Student Times for All Elementary Schools

- 7:00 AM (Breakfast)
- 7:45 AM Academic Start Time

Teacher Times for All Elementary Schools:

- 7:00 AM – 2:30 PM

If your child is going home, other than his/her normal way, it is necessary to send a note in with your child to his/her teacher. We like to plan ahead for dismissal in order to keep our students calm and not frightened or confused. You can help your child feel safe and secure by informing us in advance of changes in the after-school pick-up routine.

Early Dismissal and Cancellation

On certain days throughout the year, our school will dismiss earlier than usual. Emergency weather dismissals will occur as the buses can be scheduled. During inclement weather situations, please listen to your local radio stations, watch television channels, check the district website at www.jsasd.org, and watch for posts on the district Facebook page for cancellations or early dismissals. If you are not going to be home, please make advance alternate plans for your children and discuss them with your children so they have a clear understanding of what they are to do.

Automated Phone Home

Jersey Shore Area School District uses Focus, our Student Information System to send important messages and provides attendance information to families. Under normal circumstances, parent contact is made at the primary contact number and by e-mail. In the event of an emergency, parents are contacted at all registered phone numbers, including work numbers; cell phone numbers; and home phone numbers. Parents/guardians are encouraged to register as many phone numbers and e-mail addresses as they wish. Parents should inform the school district of any changes in contact information.

Communication Between School and Home

E-mail

It is important that parents have **active** email accounts that are registered with the schools and that are checked regularly by parents. Much information that is shared with parents will be done electronically using that email account. To register your email account with the school district, parents may do the following:

1. Send an email to Trudy Wagner, Student Data Coordinator – twagner@jsasd.org – with the following information:
 - a. In the subject line, “Register My Email”
 - b. In the body of the email, list all of your children’s full names, their grade level, and the buildings they attend.
2. Complete the online survey found on the school district web site at www.jsasd.org. The link to the survey is found in the middle section titled “Public Notices.”

Parents may register for FREE email accounts through services such as Google or Yahoo or Microsoft. Free Internet access to access your email is available through the Jersey Shore Public Library. Parents need to register for a FREE library card and then may use the public library’s computers.

An active email account is essential to access and receive information from any of the following services:

Focus Parent Portal

An active email account is essential for access to the Focus Parent Portal.

The Focus Parent Portal provides secure, self-service web-based access to parents so they are informed about their

child's daily progress in school. Parents will benefit from real-time, online access to grade averages, progress reports, homework, missing assignments, announcements, attendance, and discipline information. Parents can access the system from any location with an Internet connection.

The link to the Focus Portal is found on the main page of the school district web site at www.jsasd.org. The link is found on the left side in the section titled "Quick Links."

Once you have your account established or if you need assistance, please contact the Technology Department at 570.398.5251.

Schoolcafe.com

An active email account is essential for access to schoolcafe.com, a parent's online portal to see information and pay your student's school related fees such as meals. Adding funds to your students account is easy:

First, access your account on SchoolCafe and add your students. If you have multiple children, you can make multiple deposits for each child during your transaction.

Next, make a payment. The deposit amount can be placed against a credit card, debit card or your checking account. All payments are securely processed using our highly secure website and encryption. All payments are quickly credited to your students account.

Parents can set up low-balance alerts, recurring payment options, and review a student's purchase history.

No waiting is necessary. Funding your child's account is fast and easy. There is also customer support to help answer any parent questions.

To create an account, the link to schoolcafe.com found on the main page of the school district web site at www.jsasd.org. The link is found on the left side in the section titled "Parent/Public Links". To establish your account, you will need the student ID number for your child, it begins with 8888. If you do not have that number, please contact the Technology Department at 570.398.5251.

Things to know:

- If you have more than one child in the district, you can handle all online prepayments from the same online account.
- Payments may be made with a major credit or debit card. In order to use the online prepayment service, a small convenience fee for each transaction will be assessed to cover the bank fees. The convenience fee is \$2.25 per deposit transaction. Jersey Shore Area School District will not profit from the use of this site.

School District Web Site – www.jsasd.org

It is not necessary to have an email account to access the school web site; however, Internet access is essential. The school district web site is www.jsasd.org. On the main page of the web site, the following information will be found:

- Parent/Public Links
- Making News, including public notices
- Academic and District Events Calendars, which will always include important dates during the school year.

In the FORMS section on the main page of the web site, parents will find the following information:

- Parent Forms, including forms for educational field trips, class party forms, and application for free/reduced lunches,
- Transportation Forms, such as "Request for Special Transportation" when transportation is needed to child care or some other location on a regular basis.

Parents may email their child's teachers or leave a voice mail. On the main page of the school district web site, click the "directory" button to find contact information for each school district staff member.

District Facebook Page – www.facebook.com/jsasd

The school district recommends that parents "like" the school district Facebook page. The district uses that page to

convey information about events happening in the district, PR about our student and staff achievements, and information that is essential to distribute quickly to our followers. School delays, closures, and early dismissals, and emergency information will be posted on the district Facebook page as an “official” source of information to parents and the community.

District X and Instagram Feeds – @JSASDSchools

The school district will be using X (formerly Twitter) as an additional source of “official” information and as a way of getting information distributed quickly. Follow us on Twitter. More information will follow on this new service; it will be a great way to receive information by text on your cell phone.

Bus Rules and Regulations

Bus riding is a privilege. For safety and convenience, all students must comply with the following rules. Parents will be notified when pupils fail to comply. Repeated violations may result in suspension of the privilege of riding buses.

1. Students are to be in the place assigned, both morning and evening, ready to board the bus at least five minutes early and must leave the bus at the designated stop.
2. Students must stand back from the roadway in an orderly line and wait until the bus comes to a full stop before entering the roadway to board the bus; students must wait for the bus to come to a full stop before leaving seats to leave the bus.
3. Students must take a seat after they board the bus.
4. Students must keep hands and head inside the bus.

 - k. Students may not bring water pistols or any spraying devices on the bus.

 - m. Students may not bring or use alcoholic beverages on the bus. Narcotics of any kind are also forbidden as are weapons of any kind.
6. Students must warn the driver of approaching danger if the driver is unaware of the danger.

Bus Evacuation Drills

The Commonwealth of Pennsylvania Public School Code requires school districts to conduct two bus evacuation drills a year on school grounds—one during the first week of school and one in March. All students—walkers and regular bus riders—will participate in the drills. It is essential for all students to participate as students may not only ride a bus to school, but they could also be riding a school bus for field trips, sporting events, transfer between buildings, etc. The drill will be conducted by certified school bus drivers in accordance with the Pennsylvania School Bus Driver's Manual published by the Pennsylvania Department of Transportation.

Changing Buses

Riding a bus that a student has not been assigned to is prohibited. Students will not be granted permission to change buses unless an extreme emergency exists. In the event of an emergency, parents are required to contact The Transportation Director in advance in writing losenbach@jsasd.org or make a phone call to the Transportation Office at 570-398-1561 Ext. 71630 or 570-398-5058. Only true emergency requests for riding a different bus will be honored, as determined by the Transportation Director.

Special Busing

Students may only board and leave their buses at their designated stops. Only emergency daily requests for riding a different bus will be honored. Long-term requests for busing must be submitted to the transportation office for approval. Parents must submit a "Request for Special Transportation" form for any change. Requests for busing for students who do not normally ride a bus will not be honored.

Procedures for Bus Infractions

Students who have committed acts of misbehavior are subject to the following penalties:

1. Pushing, hitting, shouting, tripping, littering, profane language, insulting driver, eating or drinking, opening windows against driver's orders, arms or heads out of the window, refusing to identify himself to the bus driver, or other similar offenses deemed by the principal to merit the following penalties:
 - First Offense – A warning and parents will be notified.
 - Second Offense – Suspension of riding privileges for three (3) days.
 - Third Offense – Suspension of riding privileges for fifteen (15) days.
2. Fighting, smoking, damaging the bus, throwing objects in the bus, throwing objects out of the windows, opening exit doors, or other similar offenses deemed by the principal to merit the following penalties:

 - First Offense – Immediate suspension of riding privileges (Review case after thirty (30) school days). The name(s) of the student(s) and the nature of the misconduct shall be reported in writing on proper form by the bus driver. Acts of misbehavior, which occur during the morning trip, shall be reported upon arrival at school the same day that the alleged misbehavior occurred. Alleged misconduct occurring during the afternoon bus trip will be reported the following morning. Every effort will be made to effect disciplinary procedures within a 24-hour period. However, a student brought to school by the school bus shall be returned home by bus prior to the beginning of any suspension of his or her riding privileges. Principals shall notify the parents of the misconduct and of any disciplinary action which had been taken.

School Visitors

The Administration and School Board welcomes and encourages visits to the school by parents, other adult residents of the community and interested educators. To ensure order in the schools, it is necessary to establish guidelines governing school visits.

The building principal has the authority to prohibit the entry of any person to a school of this district in accordance with the board guidelines and state and federal law and regulations. Persons wishing to visit a school should make arrangements in advance with the school office in the building.

- Upon their arrival at the school, visitors must register at the office, where they will receive instructions.

- Staff members shall be expected to require that a visitor has duly registered at the school office and received authorization to be present for the purpose of conducting business.
- No visitor may confer with a student in school without the approval of the principal.

A buzzer system for visitor identification has been established at each school. Visitors will be expected to state their names and the nature of the business they will be conducting at the school prior to being admitted into the building. Visitors may be asked to show photo identification.

Should an emergency require that a student be called to the school office to meet a visitor, the principal shall be present during the meeting. The Board has established these guidelines for the protection of all our children. Please adhere to the rules. If you have any questions, feel free to contact the principal.

Policy 204 - Attendance

The Jersey Shore Area Elementary Schools will follow Policy #204 for our attendance procedures.

As a reminder, the board considers the following conditions as reasonable cause for absence from school:

1. Illness.
2. Quarantine.
3. Family emergency.
4. Recovery from accident.
5. Required court attendance.
6. Death in family.
7. Family educational travel, with prior approval.
8. Educational tours and trips, with prior approval.
9. Other reasons to be considered only if it directly affects the student and is agreed to by the school principal.

A maximum of ten (10) days of cumulative lawful absences verified by parental notification shall be permitted during a school year. All absences beyond ten (10) cumulative days shall require an excuse from a licensed physician.

School Attendance Improvement Plan

It is the hope of the Administration to work with any student/family who is struggling to ensure regular, full day attendance. The following steps will be taken to help improve school attendance.

- 2 unexcused absences- families will be contacted by our Family Liaison, Mr. Kevin Richards.
- 3 unexcused/unlawful absences
 - Families will receive a written notice within 10 school days of the third absence.
 - District staff shall notify the person in parental relation in writing, email, and/or telephone of the student attendance improvement conference. Please note: The SAIC shall occur even if the person in parental relation declines to participate or fails to attend the scheduled conference.

In accordance with Pennsylvania Truancy Law, students with 6 or more unexcused/unlawful absences are subject to the following:

For students under 15, the school must refer to the child to either:

- A school-based or community-based attendance improvement program
- CYS for services or possible disposition as a dependent child under the Juvenile Act.
- Additionally, the school will file a citation against the parent of a habitually truant child under 15 in a magisterial district court

Truancy

Administration may impose on truant students appropriate incremental disciplinary measures for infractions of school rules, but no penalty may have an irredeemably negative effect on the student's record beyond that which naturally follows absence from classroom learning experiences.

Students who accumulate thirty (30) days absences excused and unexcused from any year length course or fifteen (15) days of semester-length course may be denied credit or possible grade promotion. The final decision will be made by the principal after consultation with the Superintendent.

The Superintendent or designated administrator shall develop procedures for the attendance of students:

1. Jersey Shore Area School District will notify parents/guardians of the first unlawful absence.
2. Jersey Shore Area School District building principal will give written notification to the parents/guardians of the third unlawful absence. A conference will be arranged with the school district attendance officer or designee.
3. After the scheduled SAIC has been held and the student has incurred six (6) or more days of unexcused absences, a citation will be filed with the District Judge.
4. A referral process will be developed to refer students for truancy elimination plan/intervention for subsequent unlawful absence.

5. A student will be referred to Children and Youth for habitual truancy. The court may be notified.

Pursuant to PA School Code, a child who is labeled Habitually Truant (6 or more unexcused absence), may not transfer to a cyber charter school.

McKinney-Vento Homeless Education Program

The Education for Homeless Children and Youth (EHCY) program is authorized under Title VII-B of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.) (McKinney-Vento Act). The McKinney-Vento Act was originally authorized in 1987 and most recently re-authorized in December 2015 by the Every Student Succeeds Act (ESSA).¹ The McKinney-Vento Act is designed to address the challenges that homeless children and youths have faced in enrolling, attending, and succeeding in school.

Under the McKinney-Vento Act, educational agencies must ensure that each homeless child and youth has equal access to the same free, appropriate public education, including a public preschool education, as other children and youths. Homeless children and youths must have access to the educational and related services that they need to enable them to meet the same challenging State academic standards to which all students are held. In addition, homeless students may not be separated from the mainstream school environment. Local Educational Agencies are required to review and undertake steps to revise laws, regulations, practices, or policies that may act as barriers to the identification, enrollment, attendance, or success in school of homeless children and youths. The law indicates that the LEA liaison shall ensure that all homeless children, youth and families are identified through coordinated activities with other entities.

DEFINITION OF HOMELESS (MCKINNEYVENTO

ACT SEC. 725(2); 42 U.S.C 11435(2)):

**CHILDREN WHO LACK A FIXED, REGULAR,
AND ADEQUATE NIGHTTIME RESIDENCE:**

- “Doubled up” - Sharing the housing of others due to the loss of housing, economic hardship, or similar reasons.
- Living in motels, hotels, trailer parks, camping grounds, due to lack of adequate alternative accommodations.
- Living in emergency, transitional shelters, or domestic violence shelters.
- Abandoned in hospitals.
- Living in a public or private place not designed for humans to live.
- Migratory children living in above circumstances
- Living in cars, parks, abandoned buildings, substandard housing, bus or train stations, or similar settings
- Unaccompanied Youth - Children or youth who meets the definition of homeless and not in the physical custody of a parent or guardian.

Residency and Educational Rights:

Students who are in temporary, inadequate and homeless living situations have the following rights:

- Immediate enrollment in the school they last attended or the school in whose attendance area they are currently staying even if they do not have all of the documents normally required at the time of enrollment;
- Access to free meals and textbooks, Title I and other educational programs and other comparable services including transportation;
- Attendance in the same classes and activities that students in other living situations also participate in without fear of being separated or treated differently due to their housing situations.

When a student is identified as being McKinney-Vento eligible, staff will:

- Assist with enrollment, monitor school attendance and arrange transportation (preK-8 students)
- Provide school supplies and other school related materials as needed
- Advocate for and support students and families through school and home visits
- Set clear expectations for student behavior, attendance and academic performance
- Assist students/families access with community services

- Assist students/families with access to tutoring, special education, and English language learner resources
- Assist students so they can participate in sports, field trips, and school activities regardless of their ability to pay or to provide their own transportation.

For additional information, contact LEA Homeless Liaison, Mrs. Maria Pierce, at 570.398.5250

Educational Trip Requests

The Board may excuse a student from school attendance to participate in an educational tour or trip not sponsored by the district if the following conditions are met (refer to **Request for Educational Trip Permission Form**):

1. All absences that result from an approved family educational trip shall be excused.
2. To be approved, a family educational trip must be under the direct supervision of a parent/guardian, or legal guardian; and must be preceded by the completion of all necessary paperwork delivered to the school principal at least five (5) days prior to the trip unless waived by the principal.
3. The school principal shall review the responsibilities of the student and family with the head of the household as well as initiate the formal approval process by assisting with any questions regarding the completion of the Request for Educational Trip Permission Form.
4. Students may be excused by reason of family educational trips for no more than five (5) school days in any one (1) year.
5. The building administrator possesses discretionary latitude to grant additional days(s) toward an educational trip or activity with the approval of the Superintendent.
6. Principals shall have the authority to limit such absences to a lesser number if the student's pattern of absences to that date appear to be detrimental to his/her educational progress. The principal shall indicate such limitation on the Request for Educational Trip Permission Form before it is filed with the Superintendent for final approval or disapproval.

The Superintendent or designee shall annually notify students, parents/guardians and staff about the district's attendance policy by publishing such policy in the student handbook, parent newsletters, district website and other efficient methods. Distribute annually to staff, students, and parents/guardians Board policies and school rules and regulations governing student attendance, absences and excusals.

Withdrawing Students

It is board policy that a child 17 years or younger is not to be permitted to withdraw without written consent of a parent/guardian. It is also required that all district- owned supplies and equipment be returned prior to withdrawal.

If you are planning to withdraw your child from school, please contact their school. The school has a withdrawal form that is to be signed by the parent/guardian and which is signed by teachers giving their current grade and approval of returned supplies. The student will be given a copy of the completed form to submit to their future school. If you are unable to go to the school, submit a written note to the school, prior to the student's last day, indicating the child's name, their intended last day of school and reason for withdrawal. If you wish to withdraw after school is out for the summer, please contact Trudy Wagner at the Central Registration Office, 570.398.5253, or stop in and visit between 8:00 am and 3:00 pm.

Homebound Instruction

The Board shall provide homebound instruction to students confined to a home or hospital for physical disability, illness, injury, urgent reasons, or when such confinement is recommended for psychological or psychiatric reasons. This service will be provided when the school receives a letter from your physician which includes a recommendation for homebound instruction as well as the diagnosis, prognosis, and estimated length of time that the student must remain at home. The period of homebound instruction for an individual shall not exceed three (3) months. Homebound Instruction is provided only for those confinements expected to last at least ten (10) school days. Contact a guidance counselor for this service.

Participation in Physical Education

If students come to school with crutches, stitches, or a cast, they typically are unable to participate in physical education classes. Occasionally a student with one of the conditions listed comes to school with a physician's note stating he or she can participate in physical education class. In those instances, the physical education teacher may have the injured student observe the physical education class as a precautionary measure so as not to compound the injury by the student's active participation.

Student Responsibilities

In order for students to develop into responsible individuals, it is necessary to make them aware of their responsibilities and assist them in assuming these responsibilities with increased self-reliance.

Each student shall:

1. Know all the rules and regulations for student behavior established by the Board and seek interpretation of items not understood.
2. Accept responsibility for his/her own actions.
3. Recognize that by law the teacher serves in place of the parent/guardian while the student is in school.
4. Recognize that teacher and administrative authority extends beyond the classroom to all school-related activities.
5. Be aware that by law minors are compelled to attend school until seventeen (17) year of age and that regular, punctual school attendance and conscientious effort in the classroom are essential to learning.
6. Maintain standards of cleanliness and dress that meet reasonable standards of health and safety and do not cause disruption of the educational process.
7. Contribute information in matters relating to health, safety and welfare of the school community and protection of school property.
8. Respect and protect school property and the property of others.
9. See that all school-community communications are taken home to the parent/guardian.
10. Be honest and ethical.

Dress and Grooming

The Jersey Shore Area School District supports a dress code which reflects two essential responsibilities regarding student dress and grooming. It is essential to maintain a safe, healthy, and learning-focused environment. With this in mind, the following guidelines have been established:

1. Shoes must be worn at all times. Footwear or other attire that constitute a safety hazard are not allowed.
2. Exposed midriffs, backless tops, halter tops, spaghetti straps, and one shoulder tops are not permitted.
3. Tank tops, muscle shirts and shirts or blouses that are extremely low cut in the front, back, and/or side are prohibited. Appropriate sleeveless shirts must cover the body.
4. Skirts / shorts should not be revealing and fingertip length.
5. Males are prohibited from wearing tank-tops and muscle shirts.
6. Hats, bandanas, or other head coverings are to be removed when students enter the building.
7. Undergarments must be properly covered.
8. Clothing, buttons, jewelry, or other attire/items displaying messages either explicitly or implied relating to drugs, alcohol, sex, gangs, profanity, or violence are prohibited.
9. Chains (any length), spikes, or metal studs are prohibited.

All students are expected to respect the school environment. In an effort to minimize any distraction to teaching and learning, face paint, make-up, or attire that could disrupt or distract from the educational environment are prohibited.

This is not intended to be an exhaustive list. The administration reserves the right to have any student change clothing or other items that reasonably present a danger to others, distract from the learning environment, or are prohibited by other school policies. Students found in violation of the dress code will be required to change into acceptable apparel or call home for appropriate clothing to be brought to the school. Students will also be detained from regular classes until appropriate attire is provided. Repeated violations of the dress code will result in disciplinary action.

Elementary Grading System

From Kindergarten through grades three (3), all grades are based on students' progress toward mastery of the PA Core Standards. The chart below defines the rating scale. In grades 4-5, writing grades are also based on this scale.

ME - Meeting Expectations	Student demonstrates grade level skills without significant errors
AE - Approaching Expectations	Student is beginning to demonstrate grade level skill. Work may contain repeated errors and/or require teacher assistance
NA – Not Assessed	This skill has not yet been assessed.

In grades four (4) through five (5), academic subjects of **math** and **science** are based on a percentage grade representative of these levels:

100% - 94%		Superior
93% - 86%		Above Average
85% - 78%		Average
77% - 70%		Below Average
69% - 0%		Failing

In grades four (4) through five (5), English Language Arts grades are communicated in the form of a percentage. The chart below, aligned with the Journeys reading series and the PA Common Core State Standards, provides a guide for interpreting percentage grades on ELA tests and assignments.

80% - 100%	Advanced
60% - 79%	Proficient
40% - 59%	Basic
20% - 39%	Below Basic
0% - 19%	Far Below Basic

Included below is a table with information on the subjects, grade level, grading type, and the quarters there will be grades on the report card for specific subjects.

Subject	Grade level	Type of Grade	Quarters Reported
Band	4 th and 5 th	AE, ME	2 nd and 4 th
Physical Education	K - 5	AE, ME	2 nd and 4 th
Art	K - 5	AE, ME	2 nd and 4 th
Music	K - 5	AE, ME	2 nd and 4 th
Technology	K - 5	AE, ME	2 nd and 4 th

Report cards are available on Focus four times during the school year. Special reports from the teachers, indicating strengths and weaknesses, may come at any time. Conferences are twice a year during designated conference days. You or the teacher may request a conference at any time to discuss immediate concerns.

Policy 105.1 – Curriculum Review by Parents/Guardians and Students

The Board adopts this policy to ensure that parents/guardians have an opportunity to review instructional materials and have access to information about the curriculum, including academic standards to be achieved, instructional materials and assessment techniques.

The rights granted by this policy are granted to parents/guardians of students enrolled in this school district where the students are under the age of eighteen (18) and to the students themselves when the student is age eighteen (18) or over.

Upon request by a parent/guardian or student, the district will make available existing information about the curriculum, including academic standards to be achieved, instructional materials and assessment techniques.

The following conditions shall apply to any request:

1. No more than one(1) request per semester may be made by any parent/guardian or student for each enrolled child.
2. To assist the school district in providing the correct records to meet the needs of the requesting party, the request must be in writing, setting for the specific material being sought for review.
3. The written request will be sent to the building principal.
4. The district will respond to the parent/guardian or student within ten (10) school days by designating the time and location for review.
5. The district may take necessary action to protect its materials from loss, damage or alteration and to ensure the integrity of the files, including the provision of a designated employee to monitor the review of the materials.
6. No parent/guardian or student shall be permitted to remove the material provided for review or photocopy the contents of such file. The taking of notes by parents/guardians and students is permitted.

Homework

The use of homework is a valuable tool in extending the educational program into the home is a proven technique of effective schools. Classroom instruction is reinforced, high expectations are supported, students are motivated toward self-direction, and the relationship of school and home in the learning process is strengthened.

The purpose of homework is to provide further practice, prepare for future lessons, to reinforce what was already learned and to apply learned skills with new situations, such as reports and projects. Suggested daily time allotments are:

- Kindergarten and 1st Grades: up to 15 minutes
- 2nd and 3rd Grades: up to 30 minutes
- 4th and 5th Grades: up to 40 minutes

No specific time policy will work perfectly in all cases of individual differences in children. Students should take full responsibility for their homework; however parents can and should provide support. If your child consistently struggles with completion of the homework within the suggested time frame, it is the parent's/guardian's responsibility to contact the child's classroom teacher. In addition to asking about the child's homework daily, provide a definite time and work place for assignments, check homework, and insist on neatness. Research shows students that are read to 10 minutes daily (in addition to suggested school time allotments) show significant improvements in reading level, vocabulary, and reading comprehension.

Plagiarism and Cheating

Plagiarism is defined as using other people's research, writing, or intellectual property without giving proper credit to the author. Copying and downloading work is considered plagiarism. Plagiarism is unacceptable and is a punishable offense.

Conferences

Parent/teacher conferences are held in November each year. However, parents and/or teachers may request a conference at any time throughout the school year. Parents wishing a conference should call or come to the school office to make an appointment.

School Wide Positive Behavior Support Program (SWPBS)

This is a district-wide initiative. Our elementary staff has dedicated a great deal of time to be trained and have created a plan to implement SWPBS to meet the needs of our students/staff. SWPBS is a data-driven program that is completely tailored to meet our changing behavior needs. Research shows schools who implement SWPBS see a marked DECREASE (20-60%) in Office Disciplinary Referrals, a marked INCREASE in instructional time with students, and improved perceptions of safety.

The elementary schools have adopted this commonsense program for teaching positive, kind, and caring behaviors for many reasons including the following philosophy:

"If a child doesn't know to read, we teach.
If a child doesn't know how to swim, we teach.
If a child doesn't know how to multiply, we teach.
If a child doesn't know how to drive, we teach.
If a child doesn't know how to behave, we....?"
-Herner, 1998

The most often offered response to the last statement above is "punish" but we believe it be first and foremost to "teach". THAT is what School Wide Positive Behavior Support is all about.

B.A.R.K.: Our Elementary Bulldog BARKs of Good Behavior

The staffs of the elementary schools are talking with students about the four major components of keeping the schools good, safe, and friendly places to be learning.

The components are:

- 3-5 broad school rules
- Explicit instruction for appropriate behavior in all school settings
- A school-wide positive reinforcement plan for all students and staff
- A systematic procedure for handling chronic behavior difficulties. "Handling" starts with reteaching alternate ways to behave in situations that have students confused about what should and can be done better the next time their behavior is put to the test.

B.A.R.K. behavior is prized and praised by the students and staff in the schools. The acronym stands for:

- B: Be Respectful
- A: Act Responsibly
- R: Remember Safety
- K: Keep on Learning

School Discipline

The Board shall require that students conform to reasonable standards of socially acceptable behavior, respect the rights, person and property of others, and preserve the degree of order necessary to the educational program in which they are engaged and obey the constituted authority and respond to those who hold that authority.

Students are expected to act in a reasonable sensible manner that reflects the general attitudes and beliefs of this community. Each disciplinary case will be treated on an individual basis.

It is our expectation that students will follow the school and classroom rules and listen to faculty and staff members. Should they choose not to, they may receive the following consequences: reprimand by a staff member, contact with parents, parent conference, loss of privileges, isolation in the classroom or other areas, removal from the classroom on a temporary basis, assigned additional duties, detention, in-school suspension, or temporary out-of-school suspension.

Bullying / Cyberbullying

The Board is committed to providing a safe, positive learning environment for district students. The Board recognizes that bullying creates an atmosphere of fear and intimidation, detracts from the safe environment necessary for student learning, and may lead to more serious violence. Therefore, the Board prohibits bullying by district students.

Bullying means an intentional electronic, written, verbal or physical act or series of acts directed at another student or students, which occurs in a school setting. A student who violates this policy shall be subject to appropriate disciplinary action consistent with the Code of Student Conduct, which may include: counseling within the school; parental conference; loss of school privileges; exclusion from school sponsored activities; detention; suspension; transfer to another school building, classroom, or school bus; expulsion; counseling/therapy outside of school; referral to law enforcement officials. (Reference: Board Policy 249 Bullying/Cyber-bullying)

Assembly Programs

1. Students should enter the large class group instruction area in a quiet, orderly manner.
2. Stay in line. Move to the class seating area and sit quietly.
3. Talk quietly with neighbors only until the program is about to begin.
4. Listen when the assembly is about to begin.
5. Remain quiet while the program is going on.
6. Clapping at the end of the program shows audience appreciation. No boozing and/or shouting at any time are allowed.

Detention

The students are responsible to the entire professional staff, their home classroom discipline plan and procedures, and to the district discipline policy.

Should all feasible alternatives for classroom discipline be exhausted, the school has a detention program that may be used. Detention can be for infractions such as (but not limited to) disrespect, fighting, disrupting others, incomplete homework, class assignments, and/or continuous behavioral problems.

The detention program is scheduled as needed. Parents will be notified in writing of the detention within 48 hours of the offense and asked to indicate their arrangements for picking up their child at the conclusion of the detention.

Counseling Program

A professional school counselor is a member of the school's educational faculty to advocate for and support the educational, career, emotional, and social needs and development of all students.

Guidance and interventions may include individual, group, and classroom lessons and parent/family consultations. The school counselor respects the inherent rights and responsibilities of parents for their children. The counselor seeks to establish a collaborative relationship with parents in order to facilitate the student's maximum development.

Students may be referred by family, teachers, or administrators for short-term, specialized attention to developing skills or improving motivation that will address barriers to learning and promote healthy development. Students may

make self-referrals which will be assessed for further intervention as determined by the counselor in consultation with parents and teachers.

The school counselor has information and resources to share with students and families. Parents are invited and encouraged to stop in or request a conference. Please feel free to contact the counselor directly or make contact through the child's teacher or principal.

Soliciting

No students are permitted to sell (i.e. chances, candy, etc.) for any organization during school hours. No representative of any organization may distribute any moneymaking devices among students for their sale without prior approval from the building principal.

Pets in School

Pets or other animals, caged or uncaged, should not be brought to school by students. These include, but are not limited to, hamsters, gerbils, cats, dogs, snakes, etc.

Invitations

Invitations to private parties can only be given out at school if each child in the classroom is included. Should this not be the case, please deliver them privately through the mail or directly to the intended guests.

School Health Services

Illness and Injury During the School Day

If students become injured or ill during the school day, they should request permission to go to the nurse's office. Our nurse will determine whether students' illness or injuries requires them to leave school or if they may return to class. The nurse will make all arrangements for students to leave school due to illness or injury.

We encourage students that are ill before school to stay home. Situations in which students should stay home include:

- Fever over 100 degrees in past 24 hours
 - May return to school once fever free for 24 hours without medication
- Vomiting or diarrhea in past 24 hours
 - May return to school once free from vomiting/diarrhea for 24 hours without medication
- Redness with drainage from eyes
- Persistent coughing
- Unidentified rash

It is essential that families provide up-to-date contact information on emergency cards so they can be reached if students become ill or injured. If any information changes, please inform the school in writing or contact the main office.

Dispensation of Medication

The administration of medication to a student during school hours is permitted with parent permission and a written order from a physician. The school nurse can administer acetaminophen, ibuprofen, antacids, and cough drops with signed permission on annual emergency cards. Other over-the-counter medications and treatments such as cough and cold medications, ointments, and allergy medications require a physician's order. Any student who carries an inhaler or EpiPen must have a physician's order and parent permission on file in the nurse's office.

The parent/guardian is primarily responsible for the administration of any medication to their child during school hours. Before any medication can be administered, the School Board requires:

- Written permission by parent/guardian and physician order must be on record in nurse's office.
- Parent/guardian must bring medication to the nurse in the original prescription bottle, properly labeled by the registered pharmacist as prescribed by law.
- Each medication must be ordered by the doctor with the proper name of the medication, dosage, route, and time to be given. The prescription on the bottle is not enough information for the nurse to give the medication. A written doctor's order is required.

If you have any questions regarding this policy, please contact your school nurse.

Stock Epinephrine Protocol

Due to the increasing number of severe allergic reactions requiring the use of epinephrine, a new law passed (School Access to Emergency Epinephrine Act 195 of 2014) which allows public schools to stock epinephrine autoinjectors and train school employees to administer the medication in the case of a life-threatening allergic reaction (anaphylaxis).

The Jersey Shore Area School District maintains stock epinephrine in the form of an Epipen (premeasured auto injector) at each school. If symptoms of a severe life-threatening allergic reaction are noted, the school nurse or staff trained in the symptoms of anaphylaxis and proper technique of an Epipen will administer the premeasured dose of epinephrine into the outer thigh. 911 will be called for anyone suspected of having anaphylaxis, whether or not they receive epinephrine.

Parents may exempt their child from receiving epinephrine by signing an "opt out" form. If your child is having a life-threatening allergic reaction and the form is signed, epinephrine will not be administered but 911 will be called immediately and the parent will be called as soon as possible. Opt Out forms can be found on the JSASD webpage, click on information, school nurse information, then forms. New opt out form must be completed yearly.

Communicable Diseases

Any students who have been diagnosed by a physician or are suspected of having a disease by the school nurse may be excluded from school for the period indicated by regulations of the Department of Health. The school nurse shall report the presence of suspected communicable disease to the appropriate local health authority. Instruction regarding prevention of communicable and life-threatening diseases shall be provided by the schools in the educational program for all levels, in accordance with state regulations.

Head Lice

Lice are about the size of a sesame seed. They move quickly. They do not jump or fly. They can live approximately 24 hours off the body. They lay eggs which stick to the hair. These eggs then hatch leading to more lice.

Students should be reminded not to share brushes or hats. It is the parent's responsibility to check their children's hair for lice. Teachers will send students to the nurse for a head check if frequent itching is noticed.

Any student found to have lice/multiple nits may be excluded from school. Parents/legal guardians of any student found to have lice/nits will be contacted in order to have the child picked up from school. The student may be excluded from class until treatment for lice has been successful in removing lice/nits. All students must return to school within 48 hours of exclusion to be checked by the school nurse. If a student does not return to school within 48 hours additional absences will be considered unexcused and subject to fines per the attendance policy. The student must be brought to school by an adult and have his/her head checked by the school nurse prior to entering class.

Free and Reduced Meal Program

Children need healthy meals to learn. The Jersey Shore Area School District offers healthy meals every school day. To find out if your child is eligible for free or reduced meals, please complete an application found on main page of the school district web site OR apply online for free or reduced school meals and other benefits at www.compass.state.pa.us. If you complete a paper-based application, it may be returned to your child's school office OR

it may be mailed to: Food Service Director, Jersey Shore Area School District, 175 A and P Drive, Jersey Shore, PA 17740.

It is important to know that parents may file applications for free and reduced meals at any time during the school year—not only at the beginning of the school year. It is also important to know that the application process is **CONFIDENTIAL**. If a child is granted free and reduced meal status, it remains confidential. There is nothing to identify the child as receiving free or reduced meals; all meal charges are scanned from the student's debit card, which look like the card that all other children have.

DO I NEED TO FILL OUT AN APPLICATION FOR EACH CHILD?

No. Complete the application to apply for free or reduced price meals. Use one Free and Reduced-Price School Meals Application for all students in your household. We cannot approve an application that is not complete, so be sure to fill out all required information.

WHO SHOULD I INCLUDE AS MEMBERS OF MY HOUSEHOLD?

You must include all those living in your household, related or not (such as grandparents, other relatives, or friends), who share income and expenses. You must include yourself and all children living with you. If you live with other people who are economically independent (for example, people who you do not support, who do not share income with you or your children, and who pay a pro-rated share of expenses), do not include them.

If you have received a **NOTICE OF DIRECT CERTIFICATION** for free meals, **do not** complete the application. But **do** let the school know if any children in your household are not listed on the **Notice of Direct Certification** letter you received.

1. WHO CAN GET FREE/REDUCED MEALS? All

children in households receiving benefits from Supplemental Nutrition Assistance Program (SNAP) or Temporary Assistance for Needy Families (TANF) can get free meals regardless of your income. This includes children living in the household who do not receive SNAP or TAN. Your children can get free/reduced meals if your household's gross income is within the free/reduced limits on the Federal Income Eligibility Guidelines. The required Federal Eligibility Income Chart is included in this letter.

2. CAN FOSTER CHILDREN GET FREE MEALS?

Yes, foster children that are under the legal responsibility of a foster care agency or court, are eligible for free meals. Any foster child in the household is eligible for free meals regardless of income and should be included on the household application.

4. SHOULD I FILL OUT AN APPLICATION IF I RECEIVED A LETTER THIS SCHOOL YEAR SAYING MY CHILDREN ARE APPROVED FOR FREE MEALS? No, but please read the letter you got carefully and follow the instructions.

5. MY CHILD'S APPLICATION WAS APPROVED LAST YEAR. DO I NEED TO FILL OUT ANOTHER ONE? Yes. Your child's application is only good for that school year and for the first few days of this school year. You must send in a new application unless the school told you that your child is eligible for free meals for the new school year.

6. I GET WIC. CAN MY CHILD(REN) GET FREE

MEALS? Children in households participating in WIC may be eligible for free or reduced price meals. Please fill out an application.

7. WILL THE INFORMATION I GIVE BE CHECKED? Yes and we may also ask you to send written proof.

8. IF I DON'T QUALIFY NOW, MAY I APPLY LATER? Yes, you may apply at any time during the school year. For example, children with a parent or guardian who becomes unemployed may become eligible for free or reduced meals if the household income drops below the income limit.

9. WHAT IF I DISAGREE WITH THE SCHOOL'S DECISION ABOUT MY APPLICATION? You should talk to school officials.

10. MAY I APPLY IF SOMEONE IN MY HOUSEHOLD IS NOT A U.S. CITIZEN? Yes. You or your child(ren) do not have to be U.S. citizens to qualify for free or reduced price meals.

11. WHAT IF MY INCOME IS NOT ALWAYS THE SAME? List the amount that you normally receive. For example, if you normally make \$1000 each month, but you missed some work last month and only made \$900, put down that you made \$1000 per month. If you normally get overtime, include it, but do not include it if you only work overtime sometimes. If you have lost a job or had your hours or wages reduced, use your current income.

12. **WE ARE IN THE MILITARY. DO WE INCLUDE OUR HOUSING ALLOWANCE AS INCOME?** If you get an off-base housing allowance, it must be included as income. However, if your housing is part of the Military Housing Privatization Initiative, do not include your housing allowance as income.

Contact your school for more information.
14. **MY FAMILY NEEDS MORE HELP. ARE THERE OTHER PROGRAMS WE MIGHT APPLY FOR?** To find out how to apply for SNAP and/or other assistance benefits, contact your local assistance office or call 1-800-692-7462 (1-800-451-5886 TDD number for individuals with hearing impairments).

Breakfast / Lunch

Student lunches, and milk are purchased through the use of a debit card. Money may be deposited at any time during a school week. A-la carte items may also be purchased (if parent indicates) through the student debit card.

Children are not permitted to take open containers with snacks or other food items purchased at lunch (or breakfast) out of the cafeteria. Please share this information with your child(ren). Most important is the issue of food spoiling, which may be unhealthy to eat if taken out of the cafeteria without proper storage for later consumption.

Charging of Breakfasts / Lunches

The Jersey Shore Area School Districts wants all our students to eat breakfast and lunch, and we want to allow students to choose their own meals from the choices available. As a school district we also have financial responsibilities to all of our parents and all of our taxpayers who will end up funding those large unpaid accounts.

In the attempt to address these conflicting concerns, we have instituted a sequence of actions/consequences that will occur when negative balances are incurred. The Approved Procedure for Food Service Charges and Negative Balances can be found on the district website at <https://www.jsasd.org/Page/8913>.

Cafeteria

Here is a list of basic rules we like the children to follow in order to have a pleasant lunch:

1. Be respectful of school personnel, teachers, aides, and lunchroom workers.
2. Use table manners.
3. Talking in normal tones; no shouting, please.
4. Students may not take food from another student.
5. Students may not throw food or blow paper through straws.
6. They should not run, kick or fight.
7. Students remain seated and socialize during their lunch period.
8. Students must clean up their eating area.
9. Students must sit properly on their stools.
10. Students must listen to and follow the rules.

In order to help reinforce the manners they are taught at home, the following are cafeteria discipline procedures for infractions:

1. Verbal warning
2. Move to another table
3. Sit alone
4. Discipline referral slip to teacher and consequence by teacher; discipline referral slip sent home for parent to sign
5. Second discipline referral slip to principal; parent contact by phone/letter and consequence
 - a. Loss of privilege(s)
 - b. Eat lunch in principal's office
 - c. In-school suspension or detention

Severe Clause: Any student engaging in severe and/or dangerous behavior will proceed to #5 immediately.

Student Accounts

Student accounts refer to all textbooks, library books, school equipment, other school property, and clubs or activity fundraising participation and cafeteria charges. At the close of each school term, all business matters with the school must be fully settled. Failure to do so will result in the withholding of report cards and other academic records.

For students withdrawing from our district, restitution needs to be made before records will be forwarded to the receiving school.

Making Restitution

The following table will be used to determine the percentage of depreciation based on the age of the book.

- 1 year old – original cost less 10%
- 2 years old – original cost less 20%
- 3 years old – original cost less 30%
- 4 years old – original cost less 40%

A student will be charged the full price of consumable books (i.e. workbooks).

Snacks

Your child has entered a phase of rapid growth where nutritional and dental problems may occur more quickly. Children need healthy refreshments every few hours to maintain sound bodies and minds. Some suggestions for healthy snacks include:

- Fresh fruits - apples, oranges, or bananas
- Fresh vegetables - carrot and celery sticks
- Crackers or sandwiches - stuffed with cheese, meat, or peanut butter
- Munchies - popcorn, pretzels, peanuts, bologna, and cheese
- Bottled water

Shared Food Procedures

In keeping with our district's wellness policy, our goal is to support our students in developing healthy nutrition and eating habits while they are in school. If you wish to recognize your child's birthday by bringing treats to school, please be aware of the following guidelines in regard to birthday celebrations:

1. If you wish to send in treats for birthday celebrations, prior arrangements must be made with the classroom teacher. Permitted foods may vary from classroom to classroom based upon student health needs such as food allergies.
2. For holiday parties, treats should only be sent in when requested by PTO.
3. Holiday parties will be announced through newsletters, letters, or PTO notifications sent home.
4. Treats will be served after the lunch period or at the end of the day, when possible.
5. Homemade treats will not be permitted. Foods must be pre-packaged, purchased from a store and sealed with a list of ingredients on the package. Parents have the option to order from the school's food service department. (Ten-day notice required.) Information is available in the school office and on the district website. If items do not meet the requirements listed above, they will be returned to the parent.

If you have any questions about birthday treats and other shared food, please contact your building principal.

Toys, Games, Radios, etc., at School

No radios or expensive games or toys should be brought to school. Inappropriate toys, like guns and knives of any kind, are strictly forbidden to bring to school. Parents will be called to pick up such items should students bring them to school.

Electronic Communication Devices

Students are prohibited from using any personal electronic or digital device (such as cell phones, tablets, or cameras) while in school, while using transportation provided by the school, or while participating in school-related activities before or after hours. Elementary students are discouraged from carrying any such device unless prior approval is obtained from an administrator. Parents will be called to pick up such items should students bring them to school. Any exception to this policy must be approved by the administration.

Fire and Disaster Drills

1. Line up immediately after hearing the fire bell.
2. Do not talk. You must be able to hear directions.
3. Move in a quiet and orderly manner to the assigned door and go to your assigned area immediately.
4. If you are not with your class when the alarm sounds, move to your assigned area immediately.
5. Remain in line until the all-clear sound.
6. Return to your room in a quiet, orderly manner.
7. Do not panic. Do not run, push, or shove to get to your assigned area.

Policy 222 - Tobacco

ACT 145 OF 1996: USE OF TOBACCO IN SCHOOLS

The new law amends Title 18 (Crimes and Offenses. The law clarifies the School Tobacco Control Act in P.S. Section 1223.5 for school districts and local district justices.

The Major Changes to the Tobacco Policy law are:

Possession (not only use) is now included into the law. Unlighted tobacco is added to the law. Possession of use of these items is identified as a summary offense.

The new law defines possession or use of tobacco products or smokeless tobacco by a student in a school building, a school bus or on school property owned by, leased by or under the control of a school district as a summary offense. School districts must initiate prosecution. Integrated Pest Management

The Jersey Shore Area School District uses an Integrated Pest Management (IPM) approach for managing insects, rodents, and weeds. Our goal is to protect individuals from pesticide exposure by using the IPM approach to pest management. Our IPM approach focuses on making the school building and grounds an unfavorable habitat for these pests by removing food and water sources and eliminating their hiding and breeding places. We accomplish this through routine cleaning and maintenance. We routinely monitor the school building and grounds to detect any pests that are present. The pest monitoring team consists of our building maintenance, office and teaching staff and includes our students. Pest sightings are reported to our IPM coordinator who evaluates the "pest problem" and determines the appropriate pest management techniques to address the problem. The techniques can include increased sanitation, modifying storage practices, sealing entry points, physically removing the pest, etc.

From time to time, it may be necessary to use chemicals to manage a pest problem. Chemicals will only be used when necessary and will not be routinely applied. When chemicals are used, the school will try to use the least toxic product when possible. Applications will usually be made after normal school hours or when school is not in session. Notices will be posted in these areas 72 hours prior to application and for two days following the application.

Parents or guardians of students enrolled in the school may request prior notification of specific pesticide applications made at the school. To receive notification you must be placed on the school notification registry. If you would like to be placed on the registry, please notify the district immediately in writing. Please include your e-mail address if you would like to be notified electronically.

If a chemical application must be made to control an emergency pest problem (ex. Stinging insects), any parent or guardian wishing to be notified for such instances must have a written request for notification on file at the school. Contact will be made by telephone to those who have a written request on file. Exceptions to this notification include disinfectants and anti-microbial products; self-containerized baits placed in areas not accessible to students, and gel type baits placed in cracks, crevices, or voids; and swimming pool maintenance chemicals.

Each year the district will prepare a new notification registry. If you have any questions, please contact Mark Wall, Director of Buildings and Grounds and IPM Coordinator.

The Superintendent or designee shall immediately require a volunteer to submit new certifications if the Superintendent or designee has a reasonable belief that the volunteer was arrested for or has been convicted of an offense to be required to be reported by law, was named a perpetrator in a founded or indicated report, or has provided written notice of such an occurrence.

Failure to accurately report such occurrences may subject the volunteer to disciplinary action up to and including denial of volunteer service or criminal prosecution.

CHILD ABUSE REPORTING:

All volunteers who have reasonable cause to suspect that a child is the victim of child abuse shall make a report of suspected child abuse in accordance with applicable law, Board policy and administrative regulations.

School districts (SDs), intermediate units (IUs) and charter schools (CSSs) are required to conduct child find activities for

children who may be eligible for services via Section 504 of the Rehabilitation Act of 1973. Annual Public Notice of Special Education Services and Programs

Notice to Parents

(CSs) are required to conduct child find activities for children who may be eligible for services via Section 504 of the Rehabilitation Act of 1973. For additional information related to Section 504/Chapter 15 services, the parent may refer to Section 504, Chapter 15, and the Basic Education Circular entitled implementation of Chapter 15. Also, school districts are required to conduct child find activities for children who may be eligible for gifted services via 22 Pa Code Chapter 16. For additional information regarding gifted services, the parent may refer to 22 PA Code Chapter 16. If a student is both gifted and eligible for Special Education, the procedure in IDEA and Chapter 14 shall take precedence.

This notice shall inform parents throughout the school district, intermediate unit, and charter school of the child find identification activities and of the procedures followed to ensure confidentiality of information pertaining to students with disabilities or eligible young children. In addition to this public notice, each school district, intermediate unit, and charter school shall publish written information in the handbook and on the website. Children ages three through twenty-one can be eligible for special education programs and services. If parents believe that the child may be eligible for special education, the parent should contact the appropriate staff member identified at the end of this public notice.

Children age three through the age of admission to first grade are also eligible if they have developmental delays and, as a result, need Special Education and related services. Developmental delay is defined as a child who is less than the age of beginners and at least three years of age and is considered to have a developmental delay when one of the following exists: (i) The child's score, on a developmental assessment device, on an assessment instrument which yields a score in months, indicates that the child is delayed by 25% of the child's chronological age in one or more developmental areas. (ii) The child is delayed in one or more of the developmental areas, as documented by test performance of 1.5 standard deviations below the mean on standardized tests. Developmental areas include cognitive, communicative, physical, social/emotional, and self-help. For additional information you may contact Ms. Angela Sees, Supervisor of Early Intervention Programs, BLaST IU #17.

Evaluation Process

Each school district, intermediate unit, and charter school has a procedure in place by which parents can request an evaluation. For information about procedures applicable to your child, contact the school, which your child attends. Telephone numbers and addresses can be found at the end of this notice. Parents of preschool age children, age three through five, may request an evaluation in writing by addressing a letter to Ms. Angela Sees, Supervisor of Early Intervention Programs, BLaST IU #17.

School entities cannot proceed with an evaluation, or with the initial provision of special education and related services, without the written consent of the parents. For additional information related to consent, please refer to the Procedural Safeguards Notice which can be found at the PaTTAN website, www.pattan.net. Once written parental consent is obtained, the district will proceed with the evaluation process. If the parent disagrees with the evaluation, the parent can request an independent education evaluation at public expense.

Program Development

Once the evaluation process is completed, a team of qualified professionals and parents determine whether

the child is eligible. If the child is eligible, the individualized education program team meets, develops the program, and determines the educational placement. Once the IEP team develops the program and determines the educational placement, school district staff, intermediate unit staff, or charter school staff will issue a notice of recommended educational placement/prior written notice. Your written consent is required before initial services can be provided. The parent has the right to revoke consent after initial placement.

Confidentiality of Information

The SDs, IUs, and CSs maintain records concerning all children enrolled in the school, including students with disabilities. All records are maintained in the strictest confidentiality. Your consent, or consent of an eligible child who has reached the age of majority under State law, must be obtained before personally identifiable information is released, except as permitted under the Family Education Rights and Privacy Act (FERPA). The age of majority in Pennsylvania is 21. Each participating agency must protect the confidentiality of personally identifiable information at collection, storage, disclosure, and destruction stages. One official at each participating agency must assume responsibility for ensuring the confidentiality of any personally identifiable information. Each participating agency must maintain, for public inspection, a current listing of the names and positions of those employees within the agency who have access to personally identifiable information.

In accordance with 34 CFR § 300.624, please be advised of the following retention/destruction schedule for the Pennsylvania Alternate System of Assessment (PASA), Pennsylvania System of School Assessment (PSSA), and Keystone Exam related materials:

No preschool, elementary, or secondary school pupil enrolled in a school district, Intermediate Unit, or charter school program shall be denied equal opportunity to participate in age and program appropriate instruction or activities due to race, color, handicap, creed, national origin, marital status, or financial hardship.

Title I Funding

The Jersey Shore Area School District receives Federal Title I funding each year. The purpose of Title I funding is to ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education. JSASD uses Title I funds to provide five highly qualified reading specialists across the district at the elementary level. Three of these reading teachers are located at Jersey Shore Elementary. The primary role of our Title I reading teachers is to provide intervention to students in grades K-3 who are not meeting benchmarks in reading. Qualifying students are determined by their performance on Acadience Reading, an assessment used to measure the acquisition of early literacy skills. Acadience Reading benchmark goals are target scores that represent adequate reading skill for a particular grade and time of year. Students whose scores fall below the benchmark goal qualify to receive Title I reading instruction in addition to their regular classroom instruction.

For more information regarding Title I, including Parent Right to Know Information, The JSASD Title I Parent and Family Engagement Policy, and the Title I School-Parent Compact, please visit the district website, select one of the elementary schools and click on Federal Programs at JSASD on the menu on the right. Or you may go directly there with the following link: <https://www.jsasd.org/our-district/jersey-shore-elementary-school/curriculum/title-i/>

Jersey Shore Area School District Elementary iPad Handbook And Guidelines

JSASD iPads

At the beginning of the school year, all JSASD elementary students are assigned an iPad that may go home with them. Students will be able to use this device for completing school work and communicating with their teacher(s). This handbook will serve as an information resource for students and parents working with the JSASD iPads.

Devices

Each iPad has been assigned to a specific JSASD student. This iPad will remain with the same student throughout his/her school career at JSASD.

Issuing of iPads

Students have been using the iPads on a regular basis in the classroom in order to practice skills taught by the teacher as part of instructional activities. Parents and students will be asked to sign the attached user agreement. Using the iPad off-site is a privilege for those students who demonstrate responsible behavior and who abide by the guidelines. This privilege may be revoked at any time by the building administrator.

Taking Care of the iPads

Students and parents are responsible for the care of the iPad they have been issued by the school. iPads are to be left in the school-provided cases. Students should not have food or drink near the iPad.

Monitoring

The district reserves the right to monitor the use of the iPad including but not limited to the images stored on the iPad, web browsing history, and any communication between individuals.

Acceptable Use Policy

All JSASD students and employees are expected to abide by Board Policy #815, Acceptable use of Internet, Computers, and Network procedures. This full text is available on the JSASD website.

Care and Use of Student iPads:

- Food and drink should not be consumed around or near the iPad.
- iPads must always remain in the district-issued case.
- Students need to bring the iPad to school each day.
- The iPad should be in “Sleep” mode when not in use to conserve battery life.
- Students are responsible for keeping the iPad charged and ready for school use.
- Report any problems immediately and do not attempt to repair the device.

- Only clean the screen with a dry, soft cloth.
- Do not put pressure on the screen.
- Do not hook up the iPad to any home computer. It can only be synced with school computers. Connecting to a home computer may cause apps to be deleted.
- Apps and music may not be added.
- Do not enter a personal Apple ID at any time.
- If the iPad is damaged, lost, or stolen, the school should be notified immediately.

Photos / Videos

Students are only permitted to take photos and videos with the camera application for the purpose of completing school assignments or work. Photos and videos may not be taken of other students or staff without written consent.

Internet/Safety Filter

JSASD currently uses a filtering system. As per the Children's Internet Protection Act (CIPA), public entities that receive e-rate funding must have a filtering system in place to assist in limiting the ability of students to access inappropriate sites. User logs may be viewed by the administration at any time. Although the filter has proven to be very reliable at filtering inappropriate content, no system is foolproof. Parents should still be monitoring student internet use. Each iPad is equipped with the capability to filter inappropriate content. The filter works both on-site and off school premises. Each student has his/her own unique login for the filtering system.

Internet safety will be addressed with students during classroom meetings. Topics will include but are not limited to general internet safety, not releasing identifying information, cyberbullying, and reporting suspicious or uncomfortable behavior.

Wireless/Internet

Students may add their home and other wireless networks to access the iPad off-site. To add a network, go to Settings: WIFI. Choose the network to join and enter the password (if applicable). WIFI is not necessary to use the iPad off-site. Some apps are accessible without the use of internet.

JSASD Elementary Student and Parent iPad User Agreement

By being allowed to take an iPad home, I agree to the following:

- I will only use the iPad in ways that are appropriate and educational.
- I will be responsible and safe when using the internet.
- I will know where the iPad is at all times.
- I will not leave the iPad in the car for a long period of time.
- I will never loan the iPad to friends.

- I will bring the iPad to school every day.
- I will follow any guidelines and procedures that my parents set.
- I will charge the iPad as needed.
- I will limit my time on the iPad.
- I will use the iPad for school assignments ONLY.
- If asked, I will return the iPad to the teacher, along with charger and case, promptly.
