Facility Dog Student Opt-Out Form

All students will have the opportunity to interact with Kempton, the JSASD facility dog. However, if you choose to have your child not interact with the dog, we will do our best to honor your wishes. If your child regularly has class with Mrs. Machmer, Mrs. Hess, or has counseling services with Mrs. Walker, they will make sure that the dog does not interact with your child while in class. In addition, if the facility dog is invited into a classroom that your child is present, the handler will not allow the dog to interact with your child. The dog will be at large school events such as assemblies and after school events. We will do our best to make sure that the dog does not interact with your child at these events. If you do choose to not have allow your child to interact with the facility dog, turn this form in to the school office with your child.

Your child's name _____

The grade your child is going into _____

Your child's Homeroom teacher _____

Your name _____
